The School Monopoly Bill has a misleading name!

YOU have an interest in schools? Then be sure to understand the true meaning of the School Monopoly Bill which is called on the ballot the Compulsory Education Bill

The reason that this name is misleading is because we already have compulsory education under the present existing law, and we already have compulsory teaching in English in all schools.

What this bill really proposes is to substitute state control over the education of your children for your control. The people of Michigan have already overwhelmingly defeated this measure, because it attacked the freedom of education.

Protect your rights which are being endangered—do not be misled by the name of this bill. Read the proposed bill carefully. Read the campaign literature. Find out the intent of the bill which is disguised by the title.

You will find that that they propose school monopoly. A hidden attack upon freedom of education.

Vote 315X NO on the School Monopoly Bill

O. A. C. NOTES

Poultry yards near the brooder house should be disinfected with lime and turned under and crop grown to renew the soil.
A light near the ceiling of the poultry house is only half as good as one near the floor. Reflectors save light.
Pullets about mature are susceptible to leg weakness or paralysis. Watch the feed supply, especially kale and buttermilk.
Plant barley or oats and vetch now for green feed next spring. Kale often freezes so it is well to have other green feed to depend on. It is better to have too much green feed than not enough.
If the pullets sit around on the perches in the daytime, they are telling you so plainly as they can that something is wrong with their feed or feeding—the kind of feed, or possibly the amount of scratch feed. The light egg basket will be a further reminder if this warning is not heeded.

U. OF O. NOTES

Nine University of Oregon men and one graduate of the University of Washington joined in a plan to contribute a \$1,000 endowment to the Oregon institution. Since the launching of the University's campaign for new buildings and other developments, this is the largest single gift offered by Oregon alumni to their alma mater. Twelve gifts have been made in the past three weeks.
While it is expected that the entire group of alumni in the state and elsewhere will be organized in support of the campaign, the ten men took the leadership at a meeting in Eugene. The donors of the \$1,000 endowment are: David M. Graham, '05, former president of the Alumni Association; Herbert Clark, '08; Dr. Delbert Stanard, '14; Robert Earl, '21; Jack Benefield, '21; Rector Kay, '14; Wayne Laird, '32; Francis Beller, '22; Harris Ellsworth, '22, and Preston Whiting, a graduate of the University of Washington 1921 class.
Whiting is one of the first alumni of an institution outside of Oregon to "adopt" the state institution. All of the donors are members of the Kappa Sigma fraternity, and the endowment plan was hit upon at the monthly fraternity luncheon. Construction of the campaign headquarters building.
The faculty of the University

of Oregon will participate in the \$10,000,000 endowment campaign. It is probable that the faculty will help finance the con-
