Some of the boys got out on hallowe'en night and played a few tricks, such as taking gates down and carrying them away, and the likes.

Mrs. Tom Smith gave a party last Saturday evening at the home of Mrs. Paddison, which was well attended, about sixty being present. The evening was very pleasantly spent in social chat, dancing and playing cards. During the evening some slips of paper with something to do written on them, were passed around and each one requested to take a slip. Some of the stunts were rather funny and caused much merriment. Shortly after midnight a delicious luncheon consisting of potato-salad, sandwiches, pickles, cake and coffee was served. Soon after supper the guests left for home, somewhat tired but happy.

The S. S. Institute, held in the Springwater church last Monday, was not largely attended on account of the unpleasant weather, but those privileged to be present were unanimous in their expression of appreciation to those who arranged and conducted it. The demonstration of primary and beginning classes, by Mrs. Daut of Portland, was greatly enjoyed, while the address by Rev. Van Nuys and Dr. Forbes were both suggestive and inspirational.

Roy Wilcox, present manager, was elected for next year, and a committee of five was appointed to make arrangements for a six-team league next year, to be known as the Clackamas County League. Mr. Wilcox and the boys are well pleased with the support that the fans gave the team the latter part of the season, and they all look forward to a very successful season next year.

Boy Scouts.

Under the direction of G. H. Jack as Scoutmaster, the Estacada Boy Scouts met at the High School last Monday and organized two patrols. Prune Deliveries

J. C. Hayman, acting as representative of the Oregon Growers Packing Corporation, reports a busy time. During the past two weeks he has received from its members 200 tons of dried prunes, which are being rushed in car load lots to their plant at Forest Grove for processing and packing, to fill contracts which amounts up to the present time, to over 20,000,000 pounds. This means a great industry to the farmers of Estacada, as we are favored with soil and climatic conditions second to none in the United States. The members of the association are feeling assured that cooperation in handling this volume of business, is the only way that the producer can obtain the very best price possible. Initial payments are being made from the head office at Salem within a few days after their receiving receipts from here, which are forwarded each day. There are still a number of growers to deliver and it will probably be a week or ten days before the whole crop will be shipped.

Car Owners Attention

Application blanks for 1923 licenses have been mailed by the secretary of state to all motor vehicle owners in Oregon, so as to permit them to apply for and receive such licenses before January 1, 1923. Motor vehicle owners will avoid much trouble, annoyance and delay by promptly applying for their 1923 licenses upon receipt of the application blanks. Deferring applying for licenses until about the first of the year only congests the work of the secretary of state's office and may result in the arrest of the car owner by traffic officers for failing to have the 1923 license on their cars after January 1st next. License plates for 1923 will have a dark blue background and white figures and letters.
