O. H. R. P. A. Convention

The date of the annual con-
vention of the Oregon High School
Press Association and the Associ-
ation of Oregon High School Stu-
dent Body presidents and secre-
taries held under the auspices of
the University of Oregon School
of Journalism and the Associated
Students has been changed from
January 19 and 20 to February 2
and 3. The change was made
because the first semester in
many of the high schools will
end about the former date and
examinations would make attend-
ance impossible from those
schools.

The president of the press as-
sociation is Harry G. Johnson,
Portland; vice-president, Lester
Lemon, Corvallis; secretary,
Viola Calvin, Hood
River. The presidents' and secre-
taries' association officers are:
president, Orlando Hollis, Eugene;
vice-president, Lucille
Moore, Salem; secretary, Mildred
McKillican, West Linn; treas-
urer, Byron Anderson, Portland.

U. of O. Medical Building

The formal dedication of Mac-
kenzie Hall, the newly completed
main body of the University of
Oregon School of Medicine at
Portland, Saturday afternoon,
January 13.

Mackenzie Hall, a four-story
completely modern fireproof
building, was made possible by
an appropriation by the state of
\$113,000 and a gift of similar
amount from the General Educa-
tion Board, a national founda-
tion for medical research and
health advancement. Recently
the board gave \$50,000 to equip
the hall and to provide teaching
and research facilities.

The ceremony will be held in
the main lobby of Mackenzie
Hall, which is named in honor of
the late Dr. A. J. Mackenzie,
who worked unceasingly in the
latter years of his life in the
building up of the Medical School
to its present standing. He was
dean of the school at the time of
his death. A. L. Mills, presi-
dent of the First National Bank,
Portland, and President P. L.
Campbell of the University, will
be the principal speakers at the
dedication.

Silver Star Changes Hands

L. V. Cleworth has bought out
the Silver Star restaurant from
V. W. Hauser, who has moved
to Portland. Under the new
management the excellence of
its cuisine and service will be
maintained and Mr. Cleworth
will do all he can to add to the
comfort of his patrons. He will
still conduct the Gem Theatre
and the two together should
make a good combination. We
hope that he will be abundantly
successful as he deserves, for his
courtesy and efforts to provide
Estacada with good pictures and
good eats.

pils, making them say, "Every
day in every way, I am learning
better and better."

Examinations have been the

room by moving partitions, then
by tearing out a partition entire-
ly, next by adding the addition
on the west of the building for
storage and now they have found
it necessary to have still more
room.—Montavilla Times.

Mrs. Carrie Hislop has received
word that her son, Harry R. His-

tendent of the San Francisco div-
ision of the American Express

FARADAY POWER PLANT HAS NARROW ESCAPE

When the Clackamas river rose
near the level of the entrances to
the power station of the P. R. L.
P. Co. at Cazadero last Saturday,
employees closed the doors, bar-
red them and sealed the cracks
as best they could. A pump was
installed on the floor and was
kept busy pumping out the seep-
age. The river kept on rising
until within a few inches of the
window sills.

Had the water flowed over the
windows all the valuable machin-
ery inside would have been ruin-
ed, causing hundreds of thou-
sands of dollars' worth of dam-
age. It would have been impos-
sible to restore service in that
station until new machinery ar-
rived, or until all the coils in the
motors had been baked and thor-
oughly dried out. Had the build-
ing been constructed of some
material other than concrete it is
thought it might have given way
under the water pressure against
it, as at the height of the flood
about 12 feet of water was rush-
ing over the top of the dam.

This section has been fortu-
nate in the matter of the recent
rains and flood. While in other
parts not so far distant, a tremen-
dous property loss has result-
ed, here the damage has been
slight. At the Cazadero power
plant the foot bridge was swept
away. The power plant was
shut down for some hours in the
afternoon, which deprived this
city of light until about 7:30 p.
m., which caused some inconven-
ience but was a boon to those
merchants who had candles for
sale. At River Mill the govern-
ment hatchery was tipped over
and the fish had to be released.
The ordinary beautiful Clack-
amas river is turned to a mud
color and its speed and depth
considerably increased. The rail-
road has kept its trains running
on this branch regularly, and on
time, or with only slight delay.
Altogether we may consider our-
selves fortunate.

Judge Ryan Rescued

Judge Thomas F. Ryan, well
known throughout Oregon as a
financier and politician, narrow-
ly escaped death in the flood here
yesterday when he stepped on
some drift jammed against the
dock, thinking he was walking
on the dock planking. He sank
at once into the mass of debris.
Two passersby, who refused to
give their names, risked their
own lives in hauling the sub-
merged banker to safety.—Ore-
gonian.

City Books Audited

The audit of the city books has
been completed. They were
found to be correct. A detailed
report will be furnished later.
They have now been turned over
to the new recorder, J. K. Ely.

A woman was hung in Eng-
land, Tuesday, for having con-
spired with her affinity to kill
her husband. Although a peti-
tion was signed by several hun-
dred thousands asking that the
man's sentence be commuted,
very few asked clemency for the
woman. She was eight years
older than her confederate and
the general sentiment was that
she was a female vamp and had
gotten him completely hypno-
tized. Both suffered the extreme
penalty. She was good looking
but the jury did not prove sym-
pathetic on that account. Over
here she probably would have
been acquitted, or granted a new
trial.
