Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Oregon. He visits professionally the more important towns and cities, and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of the stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart kidney, bladder, bedwetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Children's Farm Home

The directors of the Children's Farm Home of the W. C. T. U. held a most enthusiastic meeting recently in Corvallis for election of officers, hearing reports and making plans for the coming year. Prof. A. C. Schmitt who has served as President of the Board since its organization, finding his college work so absorbing that he could not give the necessary time, refused reelection.

Judge Walter H. Evans of Portland was unanimously elected President and is planning aggressive work. At the earnest solicitation of the Board Mr. Schmitt accepted the position of First Vice-President, Mr. W. K. Taylor of Corvallis was retained as second Vice-President, H. C. Seymour of O. A. C. as Secretary and H. Hirschberg as Treasurer. With some reluctance Mrs. Unruh consented to continue as financial manager. New members elected on the Board to fill vacancies were, Mrs. R. E. Bondurant, Portland, Mayor Geo. L. Baker, Portland, and Mrs. C. P. Bishop, Salem, and an active campaign for funds is on.

Poultry Exhibit

Phil Marquam has an exhibit of his famous prize egg laying Leghorns in the window of the Smith Hardware store. For some years he has been patiently building up a strain which reaches the top notch as layers. He uses the trap nesting method, keeping close tab of the record of each hen, and rigidly eliminating those which fail to reach the mark. Not only this but he keeps a record of his roosters, so he can certify to his stock on both sides. He now makes a specialty of baby chicks and has more orders almost than he can fill. Read the report of Mrs. R. H. Carter of River Mill, on page 3 of this issue. This is abundant testimony to the excellence of the Marquam chicks.

Bridge is Repaired

The bridge across the Clackamas river just southeast of town was closed some days to traffic, on account of repairs for damage done by the high water. This caused a great deal of inconvenience to those living on the south side of the river. But the repairs are completed and the bridge was reopened to traffic on Tuesday.
