"500" Party

The Artisans enjoyed a progressive "500" party last night after the regular lodge meeting. There were six tables of players and the honors fell to Mr. and Mrs. Fred Bartholomew, while A. T. Elott was the proud winner of the "booby" which he accepted with a classic (?) recitation. A most substantial and delicious lunch was served to round out the evening of enjoyment.

Mr. and Mrs. H. C. Stephens drove to Portland, yesterday morning.

"WHAT ABOUT THE HORSES?"

We had sought the sweet seclusion of an old estaminet
And the wine-cup circulated in the old familiar way
We had fed our hearts on memories, and talked as soldiers will
Or the comrades "pushing daisies" on a barren shell-marked hill.
But one Western boy was silent—never lifted up his head
Till resentment seemed to stir him, and he raised his eyes and said:

"But what about the horses
In the roll call of the dead?
Are they mentioned in the losses—
Has a single word been said?
Is there any simple token of their agony unspoken—
Have they any wooden crosses
In the valleys where they bled?"

Our thoughts flew back like lightning, and across the brimming cup
We saw the beasts of burden bringing ammunition up—
The endless line of transport winding all across the hill,
And the starving and the dying on the fields at Aubreyville—
The misery, the fortitude of those that had been gassed,
And eyes of silent sorrow, pleading patience as they passed.

Aye, "What about the horses?"
On the blessed scroll of Fame—
The pulling, heaving horses—
And the broken, blind and lame,
Giving every ounce of power, to the gasping, dying hour—
Where's the martyr in the forces
Played a better, braver game?
—William V. V. Stephens, Eleventh Engineers, U. S. A.

You Will Want Your Fordson Tractor Early

Everything points to the greatest shortage of Ford products this year that has ever existed. Never before has the demand been so great. You will want a Fordson Tractor early—here is one product you cannot wait for—when the weather opens up you will need it. You will want it for plowing, seeding, cultivating—and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you. And at \$395 f. o. b. Detroit, the price is so low that you lose money every day you are without a Fordson. To get delivery you must order early. There are no reserve stocks among our dealers—our production capacity, great as it is, will not enable us to build up a reserve. It must be a case of "first come, first served," and the only way in which you can protect yourself is to list your order with a Ford Dealer immediately. By taking advantage of our dealer's first opportunity to make delivery, you will be assured of having your Fordson when you need it.
