**HISTORY REPEATED**

We were mildly taken to task by an esteemed friend who is politically a socialist, for not being just to the Russian Bolshevik government in the editorial published last week. We try to be fair, but in the case of the recent trial of Roman Catholic priests the animus was too clearly demonstrated, and aroused an indignant protest from the whole civilized world.

But it must be conceded that conditions in Russia are not surprising, and that they are mainly the reaction from past tyrannies and abuses. When a revolt comes under these circumstances it is due to be of the most violent nature. This was the case in France in the revolution at the end of the eighteenth century, when the king and queen, the leading nobles and ecclesiastics suffered. After a while the people perceived they had only exchanged one tyranny for another, and then the radical leaders fell out with one another, as their main bond of union was one common hatred against their previous rulers. And so in time sanity began to reassert itself and a better regime was instituted. France never went back to the old autocratic days, the nearest approach to it was when Louis Napoleon as president of the French republic executed his famous coup-d'etat. The present republic is the ultimate outcome of the eighteenth century revolt, but the nation had first to endure a bloody siege, and temporary reversions to monarchy and empire.

So with Russia, there will come a reaction against Bolshevik tyranny, and the present leaders will fall out with each other, and probably there will be a return to a monarchy, but it will be of a constitutional character, with the liberties and rights of the people strictly safeguarded. Russia is not yet ripe for a republic and a constitutional monarchy will be much better for it in every way until the proletariat is more qualified for self government.

Two new papers have been started within the last week or two in this state, one at Garibaldi on Tillamook bay, by Editor O'Connell, and the other at Salem, "The Capital Review," by Will Carver. To both we extend our good wishes.

**A Well Merited Tribute**

The automobile section of the Sunday Oregonian contains an illustrated story of a trip to Log La Barre, from Portland and back, making a complete circle through the Clackamas valley. Pictures are given of the Clackamas River bridge just south of Estacada, and of the river, and a portion of the road through Garfield, and the hostelry, Log La Barre, concerning whose attractions the scribe is enthusiastic. He writes:

"Log La Barre is an unusually

delightful destination point for such a trip, being easy of access, and located upon an eminence giving a commanding view of the country to the north and west for many miles. Mount Hood and Mount St. Helens are plainly visible, while the tips of Mount Adams and Mount Rainier also can be seen. In front of one, in the foreground, is the Eagle Creek valley, while beyond is the Sandy river country, with Larch moutain in the center background. Close by and down the hill is a pretty stream from which trout are already being extracted by the more expert anglers.

The hotel itself is a great log building, rough and rustic on the exterior, but handsomely finished on the interior, and with a giant fireplace in which a fire is generally roaring up the chimney. A dining room with wide windows enables the visitor to look out over a wide expanse of country as he devours one of Mrs. La Barre's dinners, the excellence of which is almost traditional."

**TO THE PEOPLE  
 OF ESTACADA**

Following is a correct copy of a petition presented to the recorder of the city of Estacada, demanding my recall and the election of my successor:

RECALL PETITION  
 To J. K. Ely, Recorder of the City of Estacada, Clackamas County, Oregon. We, the undersigned citizens and legal voters of the State of Oregon and the City of Estacada, Clackamas County herein respectfully demand the recall of John F. Lovelace, councilman of said City. Said John F. Lovelace duly elected to the office of councilman of said City on the 2nd day of Nov. 1920; qualified as such on the 9th day of Nov. 1920, and ever since has been and now is duly elected, qualified and acting councilman of said City; his said term will expire on the 9th day of Nov. 1924. We respectfully ask that you proceed, as by law required, to call an election to pass upon the question of the Recall of said John F. Lovelace and for the election of his successor.

We have personally signed this petition, are all legal voters of the City of Estacada, Clackamas County, Oregon,

J. F. LOVELACE.

and of the State of Oregon, and residence and post-office address are correctly set down after our respective names in this petition.

Our reasons for demanding the recall of said John F. Lovelace are as follows:

1. He is autocratic and by virtue of his said office interferes unreasonably and unjustly with private matters of the citizens.
2. He is acting contrary to the letter and spirit of the following provision of the Charter of Estacada, "No member of the Council shall, during the period for which he is elected, be interested in any contract, the expenses of which are to be paid out of the City treasury."
3. He is incompetent.

Citizens of Estacada, I object to this petition on the grounds that it is not based on any facts whatsoever. It has its beginning and end in petty personal malice. It was perpetrated by a certain group of individuals who have welded themselves into a clique for the purpose of hindering any progress in our town.

Some of the people who signed this petition are not even citizens of the United States. Still they take oath that they are legal voters of this city. Others are not even residents of the city of Estacada, and they take oath of being legal voters here.

The aliens who are in this country merely to reap the benefits lavished upon all, by the greatest country in the world, but who are so rotten at heart that they hate the hand that is feeding them, are to say the least placing themselves in a very insecure position by swearing that they are legal voters of any municipality in our country.

The first charge, that I am autocratic, and that I unjustly interfere thru the powers of my office as councilman with private matters of citizens, is so absurd that it needs but little refutation. I have never in any instance taking any advantage of my office and never as a councilman interfered with anybody's private business.

The second charge is even more absurd if such a thing were possible. I can prove, and every fair-minded person in Estacada knows that I have never been interested in any contract the expenses of which have been or are to be paid out of the city treasury, since I was elected to the office of councilman.

In regard to the third charge, everybody is entitled to his opinion.

In conclusion I merely want the public to know that I have always stood for progress, that I stand for progress now and expect to do so in the future. I have given, am giving and expect to give the very best I have to the city of Estacada as long as I remain in office as councilman.

**Might Try It Over Here**

"Premier Mussolini of Italy, has laughed communism out of court, as he ordered every Red who came in court, to be punished with castor oil. People snicker behind their hands when a Red goes by. A man cannot be a martyr on castor oil, and they found he hates it more than imprisonment or a fine." This is what J. M. Lentz, President of the F. & N. Lawn Mower Co. of Richmond, Ind., told a reporter of the New York HERALD, last week on his arrival from a trip to Europe.

**CASE**  
 THRESHING MACHINES

**Case Grain-Saving Threshers**

Case steel built threshers with proper attachments which we are prepared to furnish will thresh all grains and seeds grown.

CASE threshers are sturdily built of steel, insuring long life. Steel construction also prevents total destruction by fire. Rotting and warping is impossible in a Case steel thresher. Distorted frames and disalignment of shafts and bearings from the pull of main drive belts are avoided by the Case method of construction. Galvanizing prevents rusting.

Add to this the fact that Case threshers insure the cleanest of threshing, thorough separation, perfect cleaning and unequalled saving and you have the reason why more Case threshers were built and sold last season than in any previous year of the history of the J. I. Case Threshing Machine Co.

We suggest you place your order for a Case thresher as early as possible. If you buy a Case you will be satisfied. Come in and let's talk it over.
