Sunday Accidents

Fred VanRyt aged 67, laborer working for the extension camps above Faraday was knocked from a trestle bridge by a locomotive. Dr. Midford was called who gave first aid, and the man was taken to Portland and is reported to be in a serious condition.

Near Haley station about 7:30 Sunday evening Vivian, the 1 1/2 year old daughter of Mr. and Mrs. Marvin Aubin, sustained a fractured skull when she was run over by an Estacada train of the P. R. L. & P. Co. She was playing by the track and just as the train approached she stumbled on to it and fell between the rails. The motorman was unable to stop the train and both cars passed entirely over her. When she was picked up her body was not marked except for a bruise to her head. She was believed to have received the injury when she fell. Her mother witnessed the accident.

Later—the little girl died the following day at St. Vincent's hospital.

Methodist Episcopal Church

"Man always worships something." What is your God?

Sunday School at 10 a. m. Morning worship at 11 a. m., with a chalk-talk sermonette.

Epworth League and Senior League at 6:30.

The "Seven-Thirty Service" with the Big half-hour sing and a sermon on "Games You Never Stop Playing." Worth an hour of your time.

HOWARD W. MORT, Pastor.

OREGON NEWS NOTES OF GENERAL INTEREST

(Continued from first page)

Asahel Bush and Fred Drager have purchased the interests of Rosenberg Bros. of San Francisco in a string of canneries operated in Oregon for several years under the title of the Drager Fruit company. The concern has plants at Salem, Roseburg, Myrtle Creek and Vancouver, Wash. A new warehouse will be erected at Riddle to receive fruit at that point.

Attorney-General Van Winkle was informed in a letter from the clerk of the United States supreme court that Oregon has not paid its half of the costs of litigation in the federal supreme court in 1919, when it was held that Sand Island, in the mouth of the Columbia river, was in the state of Oregon and not in Washington. The amount is \$540.

Captain Howard E. Walker, Fort Benning, Georgia, has been ordered to Eugene as assistant professor of military science at the University of Oregon. Lieutenant-Colonel George H. White, U. S. A., retired, has been restored to the active list and ordered from Lajolla, Cal., to Corvallis, as assistant professor of military science at Oregon Agricultural college.

Furniture dealers from all sections of the Willamette valley met in Salem last week to discuss the so-called mattress law enacted at the last session of the legislature. Under this law dealers handling mattresses must show by labels where they were manufactured, the ingredients and other information. Local furniture dealers have branded the law as freak legislation, and it is possible that a suit will be started to test its constitutionality.

Governor Pierce has announced that he would not appoint a highway commissioner to succeed R. A. Booth of Eugene until he has had an opportunity to inspect the highways now being constructed through the coast counties. Men who have been mentioned prominently in connection with the appointment are J. E. Norton of Marshfield, Wade A. Malone of Corvallis, A. C. Marsters of Roseburg and Frank Miller of Albany.

There were six fatalities in Oregon due to industrial accidents during the week ending April 19, according to a report prepared by the state industrial accident commission. The victims were: James Wood, leverman on dredge, West Salem; John H. Clinton, carpenter, Myrtle Point; H. H. Holderman, trimmer spotter, Valselt; Joseph Vangness, logger, North Bend; S. L. Gilbert, laborer, Forest Grove, and Fred Butterfield, blacksmith, Marshfield. A total of 639 accidents were reported during the week.

The W. C. T. U. will have a cooked food sale at the Estacada Pharmacy on Saturday, April 28, beginning at 10:30 a. m.

THE UNIVERSAL CAR

ANNOUNCEMENT

Of interest to millions of peoples

"I will build a car for the multitude," said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

FOR many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership. DURING the past fifteen years over 7,500,000 Ford Cars have been placed in the hands of retail customers—more than a Million and a half of them in the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

UNDER the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

THINK it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters, each doing a little.

WHY not start today? Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford Car.
