Ford
THE UNIVERSAL CAR
ANNOUNCEMENT
Of interest to millions of peoples
"I will build a car for the multitude," said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the
Ford Weekly Purchase Plan
FOR many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership. DURING the past fifteen years over 7,500,000 Ford Cars have been placed in the hands of retail customers—more than a Million and a half of them in the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.
And now the way is open.
UNDER the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.
THINK it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters, each doing a little.
WHY not start today? Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford Car.
