Both of the young people are well known here, as the bride is the daughter of W. H. Kandle, until recently a resident of this city. They returned to Estacada Monday evening and will go to housekeeping in the Matt Lonsberry house on upper Main street which was recently purchased by J. C. Duus. They are the recipients of hearty congratulations on all sides, and best wishes for their future happiness.

Well Deserved Prais

Good workmanship will always speak for itself. The logan berry patch belonging to W. L. Shafford of Portland, southeast of town on Shafford street, attracts the attention of the passer-by for the good condition in which it is kept. Last week representatives of the Oregon Grower's association made an inspection of the berry patches here and said this was the best they had seen, and spoke most enthusiastically of its appearance and prospects. The care and management of it are being carried on this year by L. M. Henthorn, to whom the credit must be given.

WORK SHOES

A Few Words to the Wearer Regarding the Excellence of Wolverine Cordovan Leather

IT MAKES a great difference to every wearer whether his shoes have been cut and made for QUALITY sake, or just to sell at a non-opposing popular price.

IN WOLVERINE CORDOVAN LEATHER

quality is emphasized from the selection of skins to the completed results, which must of necessity bear a price in proportion to the excellence of material used, and the skill and time involved in their making.

THE PURCHASER

will find WOLVERINE CORDOVAN SHOES the best-paying shoe investment he can make, if he will figure his footwear bill by the year instead of by the cost per pair; and the results will prove so gratifying that shoes of less quality will have no attraction.
