WHITE LEGHORNS
Bred for Vigor and High Egg Production.

Our primary aim is to produce vigorous, husky chicks; healthy, rugged breeding stock, and first class hatching eggs. Hence, in many cases, our customers roll up bigger egg records than we do. But we hold our mature stock back as long as possible after the moult and bring them into laying as near the hatching season as possible. Thus are our customers assured of strong, rugged chicks and high quality hatching eggs.

ESTACADA STILL

KEEPS ITS LEAD

Estacada 11, Gladstone 2.

A very good game of ball last Sunday on the local grounds, folks. Gladstone arrived determined to take Estacada into camp, as Boring had the Sunday before, and for the first six innings it looked as if they would succeed. Rustameyer for Gladstone was heaving in big league form and holding the Estacada sluggers helpless with a slow curve and a change of pace. In the seventh, however, he seemed to weaken and Jack Smith, Moger, King and Ray Lovelace in succession each connected for a double and three runs came over. Not quite satisfied with this the locals put six more over in the eighth, making the final score 11-2.

Moger pitched a very nice game and was especially strong in the pinches, things looked bad several times with men on bases, but each time John tightened up and pitched himself out of the hole.

Bill Boland caught another foul fly. Keep it up Bill, we want to see you run the total up to three before the season closes. With any kind of luck you should be able to do it, and besides the fans are with you and that helps.

Next Sunday Estacada vs. West Lynn on the local grounds. It should be a good game. Final score: runs hits errors
Estacada 11 15 5
Gladstone 2 10 5
