#### Trap-Nested WHITE LEGHORNS Bred for Vigor and High

Egg 1 roduction.

Our primary aim is to produce vigorous, husky chicks; healthy, rugged breeding stock, and first class hatching eggs. Hence, in many cases, our customers roll up bigger egg records than we do. But we hold our mature stock back as long as possible after the moult and bring them into laying as near the hatching season a possible. Thus are our customers assured of strong, rugged chicks and high quality hatching eggs.

ORDER EARLY. PHIL MARQUAM Estacada, Oregon. one mile out Garfield road.
