Bred for Vigor and High Egg Production.

Our primary aim is to produce vigorous, husky chicks; healthy, rugged breeding stock, and first class hatching eggs. Hence, in many cases, our customers roll up bigger egg records than we do. But we hold our mature stock back as long as possible after the moult and bring them into laying as near the hatching season as possible. Thus are our customers assured of strong, rugged chicks and high quality hatching eggs.

## Estacada 14--Boring 8

We just had to take Boring into camp last Sunday. They would not come over and play in our yard, so we went down three and evidently the ride in the open air improved the eyesight of the local gang as they surely strengthened their batting averages, taking 18 hits from the Hoffmeister Bros. Walter Hoffmeister for Boring weakened after four innings, and was replaced by his brother Al. Walter was not in his usual form. For Estacada, Moger started, but pitching two games in succession on Labor Day and the Sunday before apparently did his wing no particular good and in the 6th, with two away, a pass and three hits gave Boring two runs and John was replaced by George Smith. Pick Irvine was the first man to face George and, despite the fact that Pick had a perfect score of three times up and three hits, George sent him to the bench for the third out.

George Smith surely wielded a wicked willow during the fracas, chalking up a double, a triple and a home run out of five times up.

Pick Irvine made a sensational catch of Moger's fly in the sixth inning. The ball was hit to deep center, away out where the ferns and underbrush are the thickest. Pick was almost lost to view, his upraised arms alone being visible, but the ball landed in his mitt, and when they land in Pick's mitt they stick.

## BILL BOLAND CAUGHT TWO FOUL FLIES.

Next Sunday on the local field, Estacada and Eagle Creek will battle. That means a portion of the local team will be in the Eagle Creek lineup and the others for Estacada. It should be some battle. You see the bunch down Eagle Creek way think they are the back bone of the team, and the Estacada gang think they are.

From what we heard last Sunday, the entire population of Boring is going to Canby to help Estacada win the championship at the County Fair. That's the kind of sports they've got down Boring way.

Mickell, State Dairy and Food Commission lecturer, will give an address, and J. C. Plummer, of the Pacific International Live Stock Exposition at 2, Governor Walter M. Pierce at 2:30 on "Equilization of Taxes." A number of O. A. C. representatives and H. C. Seymore, the Boys' and Girls' Clubs leader, will endeavor to interest boys and girls in agriculture.

## New Cream Grades.

At the call of C. L. Hawley, state dairy and food commissioner, a number of Oregon creamery men met in Portland and adopted a definite grade for cream and have now gone out to get the cooperation of every creamery in the state.

Oregon creameries are making more butter than is used in the state, disposing of the surplus in out of state markets. The best of these are San Francisco and Los Angeles, which demand a high grade of product. A discount of 6 cents a pound is charged against butter falling from 93 point to 89 point. A single can of bad cream is enough to reduce a whole churning these four points and pull the price down from 46 cents a pound to 39. This loss on a ton lot is \$120 cash. Worse yet, the drop in quality means disaster to the Oregon export butter market.

"Oregon creameries are now up against the proposition of putting quality into their butter or going out of business," says V. D. Chappel, secretary of the Oregon Buttermakers' association and head of dairy production at the state college.

A drive was taken thru the Garfield section with dinner at Log LaBarre, then a business session was held. This was followed by a discussion of many matters of interest dealing with the various problems of every day banking. The next meeting will be held at Milwaukie in October. Chairman W. T. Wright, president of the Bank of Oregon City, presided.

## Clackamas County Fair.

The bulletin points out that every large city on the Pacific Coast has raised a fund for the exploitation of the potential resources of their territory, and that all the rail lines serving the west are spending literally millions in national advertising.

"This is Oregon's opportunity to cash in," says the message to the business men of the state. "When you support the Oregon State Chamber of Commerce you are helping to take advantage of the greatest advertising and publicity movement in the history of the nation."

## GOLDEN WEDDING OF ESTEEMED COUPLE

As was briefly announced last week, Mr. and Mrs. Wm. Dale celebrated their fiftieth marriage anniversary on Tuesday, Sept. 4. It was truly an auspicious occasion for this venerable pair, who have lived here for the past 18 years, and who are beloved by all who know them. In these days when the divorce courts are working over time, the celebration of a golden wedding is most refreshing. In this instance it signifies to a union which has been greatly blessed and successful. What greater evidence to their worth can be afforded than that they raised a family of children to become good and useful citizens, and a credit to the communities in which they live. May they yet live long to see good days and enjoy them.

William Dale and Miss Susannah Beamer were married Sept. 4, 1873 at Clearfield, Pennsylvania, the town in which both were born and raised. They settled in Latrobe in that state, where Mr. Dale was for years in business of various kinds. In 1905 with their family they moved to Oregon and Estacada, where Mr. Dale opened a general store at the corner of First and Main Sts. Subsequently he moved into the building now occupied by Tom Morton to whom he sold out about two years ago.

Seven children, 4 girls, 3 boys, were born to this union, all of whom with the exception of one daughter who passed on some years ago, were present to celebrate this golden anniversary of their parents. They assembled in the park for a picnic dinner, the children being Dr. George Dale and wife of Wallowa, Ore., Dr. Will Dale, wife and baby of Portland, Mrs. F. F. Gil of Dufur, Ore., Mrs. Vida Stubbs and son Edward of Gresham, Mr. and Mrs. O. E. Smith and children, and Mac Dale of Estacada.

In the evening the Masonic lodge of this place, of which Mr. Dale is a valued member and secretary, honored the worthy couple with a reception after the regular meeting of the order. The relatives and members of the Eastern Star were included in the invitation. To the music of "Here Comes the Bride," Mr. and Mrs. Dale were escorted to the front of the hall by Mr. and Mrs. G. E. Lawrence. Mr. H. C. Stephens was then called upon for a few remarks, which he gave in characteristic vein, presenting the "golden weds" with a beautiful electric parlor lamp, on behalf of the Masons. Miss Anna Dillon from the O. E. S. presented an electric grill. Mr. Dale received the gifts, expressing suitably his and Mrs. Dale's thanks for the same. A short program was rendered, and then after congratulations and light refreshments the company broke up.
