**I. O. O. F. Convention**  
(Contributed)

If you had been in Estacada last Saturday morning you would have seen a crowd of its people wearing smiles from ear to ear (and of course those not members of the bunch were asking each other what the meaning of it was.) Our friend John Ely was running around busy as a bee trying to locate the members of our local band, J. E. Gates, rushing here and there to get the passengers for each automobile. About 9 o'clock everyone got in their respective car and started out, about eight machines in all, then it became known that it was the Oddfellows and Rebekahs going to the Sixth Semi-Annual District Convention being held at Milwaukie. The Oddfellows at each of these conventions have competed for a silver cup for degree work. The local team has been successful in procuring three of these prizes.

The town has certainly reason to be proud of its local lodge for its winning the cup in the contest for the third degree, and the election J. K. Ely as president next year. The next convention will be at Oswego in April.

**Estacada vs. Molalla**

Friday, October 19, the Estacada High School grid squad journeyed to Molalla where it defeated the Union High of that city, 41 to 0.

The elevens were evenly matched in weight, but due to Estacada's superiority in fight and general gridiron tactics the game was extremely onesided.

Estacada made two touchdowns in the first quarter, piling up a lead of 14 to 0. After that the E. H. S. boys slackened up considerably, but escorted the pigskin over Molalla's goal line four times more during the remaining periods. B. Sarver kicked five out of six goals from placement after touchdowns.

The Estacada boys outplayed, outrun outpoised, outpointed and outfought the Molalla team throughout the entire game.

The following E. H. S. boys played against Molalla: Arthur Norris, Benton Sarver, Harry Osborne, Harold Sarver, George Denney, George Baker, Ted Saling, Harry Sarver, Bernard Rose, Kenneth Woods, Sol Tucker, Fred Hoygaard, Lyle Smith, George Barr.

THE UNIVERSAL CAR

**New Roadster**

Business men—with whom the runabout has always been very popular—are well pleased with the changes embodied in this model. Always rugged, the car has been made decidedly trimmer and more comfortable. This result is obtained by raising the radiator and enlarging the cowl; making a decided improvement in looks and providing more leg room. A well designed top and slanting windshield do their share toward adding a finished, clean-cut appearance. Make it a point to see the other new models also on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.
