Trap-Nested WHITE LEGHORNS

Bred for Vigor and High Egg Production.

Our primary aim is to produce vigorous, husky chicks; healthy, rugged breeding stock, and first class hatching eggs. Hence, in many cases, our customers roll up bigger egg records than we do. But we hold our mature stock back as long as possible after the moult and bring them into laying as near the hatching season as possible. Thus are our customers assured of strong, rugged chicks and high quality hatching eggs.

Taxpayers Attention

It is reported that members of the School Board went to Oregon City this morning for the purpose of inducing the Tax Conservation Commission to increase the tax levy as passed by the recent school meeting. Interested tax payers, however, getting wind of the matter, took it up by telephone with the commission and secured their promise not to take any action looking to a change, without due notice and a public hearing. Should this be necessary, a large delegation should arrange to be present to advise the commission of the wishes of the tax payers of this district.

No O. A. C. Dance Orchestra Authorized.

"O. A. C." has been and is being capitalized over the state by dance orchestras, when as a matter of fact no such organization has been authorized to represent the institution, the president's office announces. One organization, which styles itself "Collegians" now has its headquarters in The Dalles. Its flaming orange and black posters announce it as the "famous jazz orchestra of O. A. C.—pep, harmony, syncopation." The college recently took official action in requesting one dance orchestra to refrain from using the name of the institution.

Father and Son Week

The National Father and Son movement will be observed in Oregon during the week of November 11 to 18. The Young Men's Christian Association of Oregon and Idaho with headquarters in Portland is promoting observance of this special week, with Governor Pierce as honorary chairman of the committee.

The purpose of the movement is to keep alive the very best in American life for the growing boy; to get fathers to renew their interest and re-consecrate themselves to their paternal obligations; to acquaint fathers more intimately with simple principles of boy psychology; to encourage fathers and sons to accept in a larger way their privileges of citizenship, and to emphasize the necessity for the homes beginning early with boys the training in physical, mental, spiritual, social and economic activities.

The above is the purpose, as stated in the National Father and Son handbook sent out by the Young Men's Christian Association of Providence, Rhode Island, in 1907. Since then it has grown rapidly until 1917 when it was made a week's program. In 1918 it was launched as a national feature by the Young Men's Christian Association, and during the past few years it has become world-wide in its influence.

TWO NOTABLE DAYS WILL BE OBSERVED

On Sunday evening at the Christian Church arrangements have been made to celebrate Armistice Day by a union service beginning at 7-30 o'clock. Special music and a number of short addresses will constitute the program. This should be well attended "Lest We Forget." Already the memory of the sacrifices and issues at stake in the World War, seems to have become dim, and it needs to be revived. Poppies may grow in and grass and verdure cover up scars of war left on Flanders fields, but the blood there spilt will cry out in judgement, if it be shed in vain. It is our obligation to prove that it was not.

For the first time in Estacada Father and Son Week will be observed. A committee composed of representatives of the two local churches and the Community Club is at work perfecting details. On Friday evening, November 16, a banquet will be given at the Estacada hotel to which the fathers in the whole of Eastern Clackamas county are warmly invited to come and bring their sons or the sons of someone else. Boys from ten years old and upwards are eligible. Plates will cost about 50 cents a piece. A very attractive program has been prepared. The mayor will give the address of welcome, the band will play several selections and a few short speeches will be made. But the finale will be the main stunt, which will take the form of a mock trial, in which boys will serve as judge, bailiffs and jury, being advised in their duties by experts. The lawyers will be adults qualified to tear a passion to tatters, to "roar as gently as a sucking dove," or bellow like a bull of Bashan as occasion warrants. It is expected decisions worthy of Solomon or Daniel will be rendered.

Then on Sunday evening at the M. E. church, November 18, a union service with suitable program, will be held. It is hoped that fathers and sons of the community will attend both the banquet and the service, for a father should impress upon his son, that "man shall not live by bread alone, but by every word of God." A man's full duty is to his God, his neighbor and himself, and if he fail in one he fails in all three.

Income Tax Bill in Doubt

The income tax bill is apparently defeated by a small majority. Possibly an official recount may be necessary to decide the matter. It carried in this county by over 800 votes, and each precinct in Estacada gave it a substantial majority.

Mrs. R. H. Carter, president of the Parent-Teacher association, announces that the date of the next meeting has been put one day ahead, from November 16 to 15. The program will be published later.

M. J. Moore Estacada's popular boniface, was in Yamhill on business, Tuesday.
