**Pioneer Pictures [Filmed]**

Tuesday morning George Kelly of the P. R. L. & P. Co., Bill Cary of the Cary Real Estate Co., and M. G. Moore of the Hotel Estacada, accompanied G. C. Brownell of Portland, moving picture photographer, to the upper reaches of the Clackamas river, along the works of the power and light company to assist in adding a few hundred feet of film to the story of "The Pioneers of Oregon." Only real pioneers are used in the making of this picture, men who were there and helped to build Mt. Hood, and dig the channel and make the wonderful scenery for the Clackamas. About 2300 feet of film was made.

Dr. Midford and bride were given a noisy reception last night. How long will it be before Estacada outgrows such affairs? Do they speak well for the intelligence, culture and refinement of the community?

We were glad to see C. W. Seymour on the streets again this morning. It has been a long time since last we saw the old gentleman down town.
