## School Board Sued

The directors of school district  
No. 108 have three suits con-  
fronting them. The first is brot  
by the principal of the school for  
the sum of \$200 due him for the  
month of May. This sum the  
directors held up until a full ac-  
count was rendered by him to the  
board of all the funds received  
and expended by the student-  
body during the school year,  
1923-1924. This action was taken  
upon the advice of the district  
attorney. However, upon cou-  
sultation with another attorney  
after the papers had been served,  
the latter advised that the salary  
be paid for that month and other  
means be taken to get the ac-  
counting, which they legally  
could demand. The principal  
was accordingly offered his \$200  
and ten dollars for expenses in  
settlement. But he declined to  
accept the offer, as he demanded  
a larger sum for costs.

In the court of Justice Bacon  
Miss Mary Atkinson filed suit  
against the directors for \$112.50  
salary due to her. The board  
claims she was absent, through  
sickness from her classes for three  
successive weeks without provid-  
ing a proper substitute, and there-  
fore was not entitled to pay for  
the period of her absence.

The third suit, which has been  
filed in the county clerk's office,  
but summons at this writing has  
not yet been served, is brought  
by the principal for the sum of  
\$200 which he claims is due him  
for coaching the football team.

This the board refused: (1)  
because there was no record on  
the minutes to show that he was  
promised this; (2) because there  
were no funds with which they  
could legally pay him this amount;  
and (3) because he was paid a  
salary of \$200 a month to teach  
athletics.

Thus matters rest for the  
present.
