American Legion Convention

Window panes for blocks in every direction from Multnomah Club have been heavily insured—in some cases taken out entirely in anticipation of the heavy barrage to be laid down by the American Legion in that part of the city on the evening of Thursday, June 12th, when the grand Night Carnival, a big convention entertainment feature will hold the boards.

Throwing of hand grenades, gorgeous display of lights, the staccato rat-a-tat-tat of machine gun fire, interspersed with regular explosions of "ashcans"; the whine of 75's; rockets shooting everywhere, and many other exciting and thrilling stunts promise to make the elaborate pyrotechnic "Battle of the Marne" alone worth a trip to Multnomah Field on the night of June 12th. Chairman Fuller announces that in addition to the "Battle of the Marne", the program at Multnomah Field on the night of June 12th will also include competitive drills for 12 silver cups hung up by the American Legion and Rose Festival Association, between the various legion drum corps which will be here for the convention. The cities which have already announced they will be in Portland with a drum corps and marching clubs are: Oregon City, Salem, Roseburg, Eugene and LaGrande and of course Portland Post will have its new drum corps out for all to see.

Conserve the Water

Our city fathers should take time by the forelock and order restricted hours for irrigation now, and see that they are kept. Unless this is done the water shortage will become acute before very long.

Experience Teaches

The British prime minister acknowledged the other day in parliament, that "when we were without experience, things seemed very simple to carry out; but when we became members of the Cabinet and responsible for them they became very complicated and difficult." This is commended to candidates for office and would be reformers who seek to regulate the universe.
