Place of Small Town

Speaking before a large audi-
ence of small town and country
people at the Gresham fair, Dean
Kilpatrick, director of the Port-
land summer session, urged co-
operation between small town
and country interests in commu-
nity organization.

Stating that man is instinctively
and historically a village
dweller and that come what may,
his community activities neces-
sarily center in the small town,
Dean Kilpatrick pointed out that
in order that the town may re-
main the center of community life
it must function as a servant of
the rural neighborhood. Aitho
the revolution in transportation
and communication, has, in a
measure, freed the farmer from
his old dependence upon the
small town for a market, it is
still his amusement, educational
and social center. But if the
small town wishes to regain and
retain its historic place in the
hearts of the country people and
make of itself and the surround-
ing neighborhood an effective
community unit, it must remove
from its name the taint of com-
mercial greed and attain to a
moral and educational leadership
that will make for a new spirit
of neighborliness. Not by di-
vision and discord between the
mutually dependent town and the
country dweller, but by coopera-
tion and conscious planning for
social betterment is rural regen-
eration possible, according to
Dean Kilpatrick.

Celebration News

Further arrangements for the
street carnival and barbecue on
Labor day, Monday, September
1, are being made every day.
Everybody asked to work for
this celebration, so far, has
expressed a willingness to do all
in his power to make the day
a success. This is the right spir-
it and as Estacada has not en-
tertained in any way for a year,
this celebration should be the
"best ever", and everyone who
attends assured a good time.

The candidates for Queen will
be announced soon, and then
everybody can get busy and vote
for their favorite. She will oc-
cupy a throne, accompanied by
her attendants, in a specially ar-
ranged booth and receive all the
homage and attention imagina-
nable.

The city council has given the
concession committee, the privi-
lege of roping off and using Third
street from Main to Broadway,
and Broadway from Third to
Second street, for the "pike"
where all the concessions will be
located. Next week a list of the
attractions will be given.

The dance on the paved street
in the evening will be a unique
affair and is looked forward to
with much pleasure. A regular
carnival spirit will prevail, with
confetti, squakers, balloons, etc.
Everybody is expected to have a
good time and to deplete their
pocketbooks to the extent, that
it will look as if the "wild man"
in one of the sideshows, had
stepped on it. If there is a sur-
plus of funds, after all expenses
are paid remember the Band and
the Library will share equally.

Make your plans to celebrate
with us on Labor day.

Quarterly Meeting

The last quarterly conference
of the local M. E. church, for
the church year was held by Dr.
D. H. Leech last Friday evening.
It was one of the most encour-
aging conferences held for some
time. Financially the church is
in excellent condition, a substan-
tial increase in membership was
reported. Repairs and improve-
ments have been made to the
extent of \$300 during the past
year. The Ladies Aid has had
one of its most successful years.
The church tries to serve the
community and it feels justified
by the results.

Dance for Band

Let the dance go on! There
will be dancing in the pavilion
Saturday night after the Grange
picnic, from 8 to Midnight. It
will be given by A. G. Ames and

Sunday. Mr. Bryan belongs to
the civil service.

Mr. and Mrs. W. F. Cary and
daughters left this morning for
an outing of a few days on
the beach at Rockaway.

EVERGREEN BERRIES ARE MONEY MAKERS

J. G. Hayman reports activity
at the cannery since Monday,
when evergreens commenced
coming in. Pickers are busy in
every direction about Estacada,
and it is expected that 100 or 150
tons of these wild berries will be
shipped out of this locality dur-
ing the next few weeks.

W. T. Grear is collecting from
pickers in the Springwater dis-
trict, with his ton truck, and J.
W. Hassell is getting in the ber-
ries from Viola and Highland
districts. Some pickers report
making from seven to eight dol-
lars a day where the picking is
good. It seem to be a good sea-
son for evergreens. This is one
crop which local people had not
expected to make any money on
this year, as it has been several
years since there has been sale
for them here.

300 tons of prunes have been
contracted for by Libby, McNeil
& Libby from local growers thru
Pearcy and Biehn. J. G. Hay-
man will have the handling of
the shipping of this tonnage.

Sgobel & Day have also signed
up over 500 tons for fresh fruit
shipments, which it will pack at
Estacada. If necessary they
will put on a night crew to keep
the fruit moving. It is estimat-
ed that during the harvest each
firm will roll from three to four
cars a day. With this green
prune taking out probably 50%
of the Estacada tonnage this sea-
son many driers will not open up.
The activity in canning and ship-
ping prunes came as a surprise
to growers who expected to dry
as usual.

Grange Picnic

On Saturday in the Estacada
park, Garfield Grange, No. 317,
will hold its annual picnic. Ev-
erybody is welcome to attend and

ing. There will be a band con-
cert and sports, basket dinner at
noon, coffee to be served free.
