Christmas Seal Sale

The attractive little Christmas
Seal is with us again. Oregon's
quota for this year is seven
million and they have been wide-
ly distributed throughout the
state for sale during the month
of December to finance the cam-
paign "Fight Tuberculosis—Give
Health" that is being waged
throughout the land.

The chief object of the Seal
Sale is to finance the educational
campaign which will aid in giving
the public valuable information
concerning the maintenance of
their health in order that tuber-
culosis shall be eliminated as a
destroyer of mankind.

Tuberculosis is now considered
by the leading specialists to be
a preventable and a curable dis-
ease and one that need not men-
ace the citizens of our country, if
known measures of prevention
and proper living are put into
practice. With the funds raised
by this Seal Sale this education-
al work is made possible.

BARTON DEDICATES NEW SCHOOL BUILDING

The new grade school building
at Barton which has been under
construction for several months
was formally dedicated last Sat-
urday evening by the patrons of
the Barton district.

The building when completely
furnished with all the equipment,
including a furnace and a water
system will exceed \$9,000. It is
a two room plastered building
with full concrete basement. It
is so planned that the rooms
may be opened to form an audi-
torium large enough to accom-
modate several hundred persons.
A stage has been placed at one
side to aid in completing the
building as a community center.
The concrete basement will be
used partly as a play room and
will house the furnace.

This building stands as a won-
derful realization of the progress
made by the Barton community
and will mean much to the fu-
ture of all residents there. The
school board of that district con-
sists of M. A. Nelson, chairman;
L. O. Gerber and Irving Brown,
with Mrs. L. O. Gerber, clerk.
The contractors in charge of the
construction of the building
were J. Lowry and R. Githens.

Prin. O. T. Olsen of Estacada
spoke on the benefits of the new
building to the community and
appealed to the boys and girls to
show their appreciation by em-
phasizing the care needed to
keep the building in good condi-
tion and the need of doing their
best work at all times in the
regular school work.

H. C. Stephens of Estacada ex-
tended congratulations to the res-
idents of Barton on the achieve-
ment of such a splendid build-

crete representation of the pro-
gress of the community."

ton E. Vedder spoke on the re-
markable work done by the dis-
trict in securing the best for
their boys and girls. He particu-

rooms provided for the pupils
and urged them to improve at
every opportunity the remaining
surroundings in every way pos-
sible, stating that the building
should be dedicated to the high-
est ideals, and urged respect
for law, order and the flag. In
conclusion he extended to the
