FOR THE LORD GOD IS A SUN AND A SHIELD: THE LORD WILL GIVE GRACE AND GLORY; NO GOOD THING WILL HE WITHHOLD FROM THEM THAT WALK UPRIGHTLY.-- Psalm 84: 11.

PEOPLE AWAKENED

Senator La Follette met with much criticism during the recent campaign because of the planks in his platform. But perhaps the country was aroused by this criticism to such an extent that it will respect the privileges and rights its people now possess. His proposal for the government to buy or condemn the railroads and operate them, and to do away with the power of the United States Supreme Court to declare an act of congress unconstitutional have really brought the issues before the people as nothing else could.

We Americans too often fail to value our rights as possessions until some movement is started to deprive us of them. When the people are informed upon the basic principles of business and government, they will apply the rule to local questions as well as state and national issues when they present themselves.

CURRINSVILLE ITEMS

Henry Heiple visited Robert Fields last Sunday and found him still confined to his room.

Jake Looney is still laid up with rheumatism.

Saturday evening some of the younger generation imbibed too much moonshine and undertook to take in the dance given by the Eagle Creek Grange. This was resented by the peace loving part of the lodge members. If these young people could see just a little in front of them they would no doubt let moonshine alone and try and build for the future.

Doris Looney is reported on the sick list this week.

School is progressing nicely and our teachers are to be congratulated for their efforts. We predict a big success for their Christmas entertainment.

The Currinsville Dairy under the management of Victor Leon is meeting with wonderful success his truck makes seven trips a week to Portland.

The International Harvester representative was calling on the Currinsville store lining up business for 1925, they expect to do some demonstrating in the near future.

Famous Old Church

This year sees the three hundred and sixty-fourth anniversary of the demolition of the magnificent Church of St. John at Perth, the restoration of which is now contemplated.

This is without doubt one of the most interesting churches in Scotland, says the Weekly Edinburgh Scotsman. Tradition ascribes its foundation to the Picts, but, whoever founded it, it is one of the earliest stone churches built in the country; and, in the Twelfth and Thirteenth centuries, as evinced both by ancient documents and by the surviving remnants of the edifice of that time, it was magnificent and extensive. The monk of Dunfermline, to whom it was granted, allowed it to fall into disrepair—a state of affairs which Robert the Bruce set about remedying, but the restoration was stayed by his death.

The Electric mill at River Mill closed down last week for repairs and it is expected to begin operation again soon.

A good time for everyone was the result of the Athletic Fun-Fest held at the high school auditorium Friday night. The party was given by the two losing teams of the C. G. contest in honor of the two winning teams. The Spark Plugs (the winners) furnished the program at the expense of the Barney Googles and Sassy Susies (the losers).

Miss Verlie Coop was mistress of ceremonies. The winners of the different contests were:

Shot Put, Pearl Norris; hundred yard dash, Elwin Beck; airplane race, Frank McGraw; cock fight, Mr. Wilson; high jump, Geraldine Warren; pillow fight, Thelma Wilcox; hurdle race, Virgil Wright; relay, Florence June Reed; football game, the Orange Team.

The Seajater was then cut up and each one of the winning team was given a piece as a souvenir. Evelyn Davis received the entire head as she was champion salesman of the school. The party then adjourned to the domestic science room where refreshments of punch, sandwiches and fruit salad were served by the losers.

Junior Notes

The Juniors were very busy last week. Three meetings were held for the purpose of planning the annual Junior banquet. Committees were appointed which will be busy for the rest of the week. Dec. 12 was set as

the date for the banquet.

The Junior girls' basketball team played the Seniors on Tuesday afternoon, Dec. 9. It was a very interesting game, although the score was one-sided. The Juniors won, the score being 27 to 4.

Senior News

The Seniors held a brief class meeting last Monday in order to accept the invitation to the Junior's banquet and again consider class rings. A lively discussion was held but no definite decision could be reached.

Various committees have been appointed to take charge of the Carnival and all are busy at work. Many interesting booths and various stunts are being planned, as well as hidden mysteries. Be sure to come and bring all your dimes and nickels.

Gem to Show "Big Brother"

The new Paramount picture which will be shown at the Gem theatre Saturday and Sunday night is "Big Brother," an Allan Dwan production of the story by Rex Beach, is a bear for thrills. There is not a lagging moment throughout its entire length. This is the greatest of Rex Beach's works; greatest because he wrote it from his heart.

It is an altogether unusual production, in that it depicts graphically just what the Big Brother movement is endeavoring to accomplish throughout the world—the proper raising of the boys and youths—the future men of the land on whom the destiny of their country rests. It is the story of one 'big brother,' taken as a concrete example of what is to be generally expected from others the world over.

Mrs. Hursh's mother, who lives in Portland, was her guest during the Thanksgiving holidays.

As Fred Paddison was coming down with a load of cordwood on Monday afternoon of last week he collided with Walter Bateson and a young man who was riding with him on the curve in the road going through Dick Gibson's place. Bateson did not see Paddison coming as it was foggy, and his companion was wiping the moisture from the windshield so he noticed no truck coming. Young Paddison tried to avoid a collision by going out as far as he could without going into the ditch but he was unable to miss Bateson so there was a crash his truck coming right out from the load and backing down into the ditch and Bateson's going head-on into the ditch. Both trucks were damaged, the wind shields of both being broken and some of the springs broken and other damage done. Bateson and his were cut about the face with broken glass.

The Barton school received a big ovation when more than one hundred and fifty citizens consisting of people from Estacada, Eagle Creek and Dover met in the spacious class room of the new school building for the purpose of dedicating the building which was recently completed.

The speakers of the evening were Brenton Vedder, Supt. of Schools; O. T. Olsen, principal of the Estacada schools, and H. C. Stephens of Estacada.

Mrs. J. E. Gates and pupils of Estacada rendered a few choice guitar selections which were greatly appreciated.

The Barton school had a short program.
