CHEVROLET NEWS

More interest was aroused by the
display of the new Chevrolet line
at the New York Automobile Show
than has been accorded any new
car introduced for more than a de-
cade, according to veteran automo-
bile men who have been present at
the greater majority, if not all, of
the 25 national automobile exhibits
held in the eastern metropolis.

Opinions of both experts and the
general public followed the same
trend—first of admiration and then
the puzzling question, "How can
the Chevrolet company do it at the
price?" The exhibit was visited
by practically every automobile
representative present Friday and
Saturday, the two days reserved for
the trade, and it proved the mecca
for the general public through the
eight days following.

The general beauty of the line
was most commented upon. The
new semi-elliptic springs and longer
frame vied with the new lines and
roomier bodies in exciting praise.
The Duco finish in colors for all
models was another feature favor-
ably commented upon. In fact the
general remarks of show visitors
clearly showed that the plain black
enameled automobile will not find
much favor with the car purchaser
of 1925.

Chevrolet factories are working
day and night to full capacity to
supply the demand for the new cars.
If the reception tendered the first
showing of the line is a criterion,
these Super models will smash the
high records previously made.—
From Chevrolet Motor Co.

THANKS

We desire to thank all those who
so generously donated their servi-
ces in hauling and placing gravel
on the Lone Oak Cemetery road
last Tuesday, also those who donated
money to provide the dinner.
