FREE LECTURES AT THE CATHOLIC CHURCH

At Estacada, Oregon

Beginning Sunday, February 8th, at 7:45 P. M., and every evening during the week at the same hour there will be a series of lectures on such Catholic subjects as: The Catholic Church and Patriotism; Confession as Practiced by the Church; The History of the Bible and what Catholics Think of It; Infallibility of the Pope; What Catholics think of the Mother of Christ; The Catholic Teaching About Purgatory; Praying to the Saints; The Use of Statues and Pictures in the Churches; Why Priests Do Not Marry.

The people of this locality are invited to come and ask any religious question whatsoever. Simply write your question and place them in the question box at the church door. There will be no charge or collection taken up of any kind in connection with these lectures. Our only object is to give the public the entire truth about the Catholic Church, her teaching and practice. An understanding of this kind will promote a feeling of good will among people of all creeds.

Most non-Catholics have heard and read a great deal against the Catholic Church. She has been pictured to them as a dreadful institution, an enemy to liberty, progress and good morals. We are sure the people of Estacada and its surroundings are liberal, broad-minded Americans, anxious to see every person as well as every organization get just treatment and fair consideration. We know, therefore, you will make use of, and welcome the opportunity of hearing the explanation of Catholic doctrine and of listening to a defense of the Catholic Church by a Catholic priest. Not an unkind word will be said about any church or lodge. Like St. Paul we will be "all things to all men". And with St. John we say "Dearly beloved, let us love one another, for charity is of God. And every one that loveth is born of God, and knoweth God." In this spirit we invite you to come and hear us.
