JUDGE H. E. CROSS ADDRESSES CLUB

Those attending the Eastern
Clackamas Community Club meet-
ing last Friday night in the high
school heard a very interesting and
worth while talk given by Judge
Harvey E. Cross of Oregon City.

Judge Cross spent sometime pic-
turing to those present the deplora-
ble condition in which many boys
and girls in this county are living.
He cited certain instances which
had come to his attention as a
county judge and plead with par-
ents to take care of their homes
and particularly their boys and
girls. He cautioned parents to let
the mercenary side of life go but
watch out for the family. The
cases of juvenile delinquency, in
this county are many and parents
need realize that their children are
the most valuable assets they pos-
sess.

His discussion concerning the
road building program in this part
of the county proved especially
interesting to those present. In
the beginning he outlined the plan
followed by the county court in
road construction and said that in
his experience he had found it of
very great importance to have a
road properly surveyed and compel
contractors to live up to definite
specifications required in the con-
tract.

He stated that under the bond
road law this county would secure
one hundred and forty-five miles of
bonded road pavement. The esti-
mated cost per mile is \$11,000 but
the actual cost was about \$16,000
per mile with all bridges built out
of the regular bridge fund. When
roads now under construction are
finished, Clackamas county will
have 225 miles of pavement or more
pavement than any other county
in the state.

The plan for Market Road No. 7
between Barton and Carver is to
pave a stretch one and one-third
miles long this year between the
Deep Creek bridge which will ex-
tend almost to Grant's Park. This
will leave more than three miles to
be completed, one and one-half of
which will be very difficult to build
and the funds to do this work are
not available at this time. The so-
lution which is suggested was that
the districts of Barton, Eagle
Creek, Currinsville, George, Gar-
field and Estacada ask the County
Court to create an overlapping
district and vote a special tax
levy to help in construction of the
base. All money raised will be
matched by the county and in this
way it would be possible to secure
pavement on this stretch of road at
a much earlier date.

He spoke briefly on the plans for
adding a short section of pave-
ment on the Springwater road and
stated that Estacada would profit
greatly by the prosperity brought
here over the proposed loop road.

Following this discussion he very
graciously answered many and all
questions from those interested.

The regular business of the club
was next taken up and a motion
was made and duly carried that a
vote be taken of those present to
determine their opinion on calling a
meeting to create an overlapping
district to vote a special levy to
carry on the work as outlined.
Motion carried 44 to 1.

A motion was made and carried
that the president appoint a booster
committee to make arrangements for
this meeting. The following were
appointed: H. C. Stephens, S. E.
Wooster and A. G. Ames of Esta-
cada; George Forman, Hal and Har-
vey Gibson of Barton; M. C. Glov-
er, A. C. Cogswell and Walter
Douglass of Eagle Creek.

All bills presented were ordered
paid and dues to the amount of
\$5.00 were collected.

Mrs. S. E. Wooster reported that
the floral committee had decided to
call this campaign the "Home
Beautiful Movement," and that
cash prizes would be awarded. The
Band and Library had voted to
donate \$5.00 each and a motion
was made and seconded that the
Community Club donate \$5.00.
Motioned carried.

Upon motion duly made and sec-
onded the meeting adjourned.

BE CAREFUL WITH FIRE

Good citizenship calls for your co-operation in the pro-
tection of Oregon's Greatest Resource, 'OUR FORESTS', this can
best be accomplished by strict observance of all Fire Laws.

LAWS OF 1925 CLOSE THE SEASON FOR BURNING
MAY 15, AND REQUIRE OPERATIONS TO BE EQUIPPED
WITH FIRE APPLIANCES MAY 1, OF EACH YEAR.

SECTION 9, Chapter 281, General Laws of Oregon, 1925,
provides:—During the period between May 15th to October 1,
which is hereby designated the closed season, it shall be un-
lawful for any one to set on fire, or cause to be set on fire, any forest
land, grass, grain or stubble, either his own or the property
of another, without first securing a written or printed permit
from the forester or a warden and complying with the terms
thereof, and the forester or any warden may prescribe the con-
ditions upon which the permit is issued and which are neces-
sary to be observed in setting such fire and preventing it from
spreading so that life or property may be endangered there-
by; provided, however that nothing herein contained shall re-
quire a permit for the burning of logs, stumps grass, grain,
stubble and, or, debris in small quantities and under ade-
quate protection outside of and not adjacent to any forest land
as in this act defined.

NOTICE TO ALL LOGGING AND SAWMILL OPERATORS:

Following are parts of Sections of the present law apply-
ing to Mill and Logging Camp equipment.

SECTION 13.—From May 1 to October 1 of each year it
shall be unlawful for any person, firm or corporation, or em-
ployee thereof, to use or operate any locomotive, logging engine,
portable engine, traction engine or stationary engine, which is
not provided with an adequate spark-arrester and an ash pan
kept in constant use and repair, in or within one-eighth of one
mile of any forest land.

SECTION 14. Equipment To Be Provided for Steam En-
gines. Everyone operating any steam engine during the closed
season in or within one hundred (100) feet of any inflammable
debris or any forest land shall equip such engine with an
efficient pump or provide a gravity water system therefor, ei-
ther of which shall be of sufficient size and capacity to give
forty (40) pounds pressure on two hundred (200) feet of one
inch hose, and shall also equip such engine or gravity system
with not less than two hundred (200) feet of hose one inch or
over in diameter, with nozzle not less than one-fourth of an inch
in diameter, kept in condition for effective use.

SECTION 15. Further Equipment Required.—Every one
conducting a logging operation, whether by steam, horsepower
or otherwise, shall maintain at the landings of such operation,
in good condition for fire fighting purposes only, a tool-box con-
taining at all times from May 1 to October 1 at least six (6) shov-
els, six (6) rakes or grub hoes, and six (6) water buckets; and
for every donkey logging operation such equipment shall be so
maintained for each "side" of the operation.

SECTION 19. Refuse Burners.—Every one operating any
mill or plant from which refuse is burned in or within one-
fourth of one mile of any forest land shall provide and main-
tain a refuse burner adequate to prevent the spread of fire there-
from.

Violations of these Sections are punishable by fine and im-
prisonment.

For further information regarding equipment require-
ments, permits or copies of the Fire Laws apply to the local
Warden or,
