

MORE THAN 165,000 FAMILIES

In all walks of life, have taken advantage of "The Ford Plan" to own an automobile. Let us tell you about it.

Every family—with even the most modest income, can now afford a car of their own. This Ford plan makes it possible.

You accomplish something when you own an automobile—give yourself more earning power—economize your time—travel more, see more, do more, enjoy more—get more out of life for yourself and family—bring pleasure to others.

Buying a Ford means making a sound investment. An investment that yields increased earnings and pleasures, broadens your vision—moves you just that much farther on the road to success.

Every family should have their own car. Why be pushed and jammed in crowded conveyances when you can easily and economically go and come in your own automobile? Why stay at home on pleasant afternoons when you and the family should be enjoying nature's beauty outdoors? You live but once and the years roll by quickly. Why wait for tomorrow for things that you rightfully should enjoy today? Don't wish for a car any longer. We'll show you how easy it is to own your own car.
