GOVERNOR MAKES DEFENSE TEST DAY PROCLAMATION

The following proclamation the state-wide observance of De-fense Test Day, July Fourth, has been issued by the Hon. Walter M. Pierce, Governor of Oregon. The Defense Test general committee for Oregon deems it fitting that reading this proclamation be made a part of patriotic programs at De-fense Test demonstrations on July

PROCLAMATION

The President of the United States has designated July Fourth, 1925, as National Defense Test Day, in accordance with an act of Congress enacted in June, 1920, and has requested all the states to 1920, co-operate in every way possible to make this test a success. The purpose of holding this test is to enable all citizens to assist our armed forces on land and on sea in taking an inventory of our abil-

in taking an inventory of our ability to defend our country in case of attack.

We love our homes, our country and our institutions of government. We hold sacred those ideals for which our fathers fought and died. Every American citizen should realize that our government was made possible only by the toil and struggle, the heroism and sacrifice of our fathers. So intense was their devotion to their homes, so firm was their devotion to their homes, so firm was their devotion to their homes, so firm was their belief in the principles of liberty, so clear was their very control of the defend our country in case when its assembly plant turned out 7,858 Ford cars and trucks in the eight-hour working day. This record its assembly plant turned out 7,858 Ford cars and trucks in the eight-hour working day. This record is for the United States plants alone and does not include foreign plants an associated companies or the Ford Motor Company of Canada, Ltd.

An interesting thing in connection with this remarkable production is that the company is exceeding its most careful estimates for been confined for the past five years.

Mr. Herring was born in Geneseo, New York, March 14, 1848, and and is survived by a daughter, Mrs. Z. P. Coop of Currins-the Was a resident of this community for many years and is well known by a large number of people.

Coop of Currins-the work of t was their devotion to their homes, so firm was their belief in the principles of liberty, so clear was their conception of the rights of the people to govern themselves, that the company is extended ing its most careful estimates for May. Current Ford billboards which were prepared sixty days ago, carry the message "7,000 people to govern themselves, that conception of the rights of the people to govern themselves, that they willingly risked their lives upon the fields of battle inorder that these principles might be fashioned into the best government the world has ever known.

Since they were prepared sixty days ago, carry the message "7,000 Rev. B. I minister. Lone Oak rection of the company has been steadily increased during the last few weeks due to the growing E. D. I

nations toward world peace America must lead. Preparedness to defend is not militarism. God grant that the occasion may never arise when we must defend our land from attack, but should the time again come when our boys must go into bloody conflict, may they have the rudiments of military training in that trying hour when they are called upon to face a trained and seasoned enemy.

NOW, THEREFORE, I, Walter M. Pierce, Governor of the State of Oregon do hereby proclaim July Fourth, 1925, as

NATIONAL DEFENSE TEST DAY and I ask the citizens of Oregon, to participate in this national event, which will add to the cele-bration that should be held in every community in this state on our National Holiday; not for the our National Holiday; not for the purpose of arousing a military spirit, but rather that we, ourselves, may know and the world realize that the sprit of our fathers, which made America possible, the same spirit which led our flag to victory in every struggle from Revolutionary Days to the dark hours of the World War, is still virile in the land that gave free government to the world.

In testimony whereof I have hereunto set my hand and caused the seal of the State of Oregon to be hereto affixed this 12th day of June, A. D. 1925. WALTER M. PIERCE.

Lawrence Webber and Mrs. Gerald Wilcox, who were the delegates to the state convention of the American Legion and Auxiliary at Prineville last week returned to their homes here last Monday They were accompanied on their trip by Mrs. Clara Boyer, Miss Marie Heiple and Louis Zogg and returned home by the McKenzie pass. They report a very fine time, Mrs. Wilcox was elected District No. 1 Committee woman. She served during the past year as state chaplain for the Auxiliary.

LOOK OUT FOR SELF POISONING

self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation.

Cleanse and tone your liver! your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of health, vigor and energy. You will be completely satisfied; otherwise there will be no cost.

FREE! This Coupon is Good for Sample Bottle.

Dr. Thacher's Liver & Blood Syrup if presented before the sup-ply for free distribution is already given away. Read the full details above, then act at once, as this of-fer is limited. Get a trial size now py presenting this coupon to py presenting this coupon the ESTACADA PHARMACY.

MIDNIGHT MATINEE

No development in the motion picture field in recent years has attracted so much attention as the Ives-Leventhal Stereoscopiks. forward step has been made that equals it in importance or interest.

Ives-Leventhal Stereoscopiks mean
that the third dimension has been
discovered and perfected in motion
pictures! Think what that means! It means that at last the screen has been given depth! Instead of the usual flat surface these pictures make the characters stand out like live people on the stage of a htea-

tre. Look at them through the little red and blue spectacles and the figures seem to step out of the screen and come toward you with

startling life-likeness!
This is the greatest box-office novelty that has ever been offered

crop in the United States is only expected to reach 445, 000 000 bushels, compared with 590,000,-000 last year. On the other hand spring wheat both in this country and in Canada is in excellent condition, and if favorable weather

duty which devolves upon us to be vigilant in defending and protecting this wonderful civilization which we have inherited! We cannot do less than guard and perpetuate it.

America will never enter a war of conquest. In the march of production went to 7,732.

The fruit is barred from all but the six counties indefinitely.

The Producers Co-operative Packing Company of Salem handled about one and a quarter million pounds of fruit last year, prunes, blackberries, loganberries raspberries, cherries, peas and plums. The company has a modern plant, no debts and a reserve fund of \$10,000

After Law Violators

The various state potato inspectors have been checking up on some of the grocery stores in the counties outside of Portland, and several cases of plain violation of the new potato law have been reported, mostly the mis branding of stock by the growers and the ignorance of the sack branding. In each case the matter has been taken up with the individual, and the cases are pending. The legislature put the enforcement of the law up to the State Inspection department and the State Market Agent C. E. Spence, states that he believes when the growers and dealers appreciate that compliance with the law will be for the benefit of all concerned, there will be little trouble with violations.

Exist on Porcupine

Four men, wrecked on the north side of the Kenni peninsula in northern Alaska, lived entirely on porcuplnes until they were picked up by a beat a menth later. This diet agreed with them so well that they were in fine physical condition when rescued.

The porcupine is one of the cusiest of wild creatures to kill, for it cannot run fast and succumbs quickly to a blow from a stick. Time and time again prospectors whose provisions have become exhausted in the wildhave been saved from starvation by the flesh of these animals. An unwritten law of the North is that a porcupine must not be killed except for food.
