DOUGLASS MILL GOSSIP
 Practically everyone in the camp spent the Fourth in Estacada. Smith Fields, a teamster for Walter Douglass went to Dayton to spend the holidays with his family. Ted Reed of Estacada is trucking for Ed. Douglass. The lower mill was closed down for several days the last week as he loggers were rebuilding a bridge across Deep creek. Both mills have installed adequate equipment for fighting fire.

The apparatus consists of engines, pumps and several hundred feet of two-inch hose for each mill. Roy Douglass had the misfortune to break the universal joint on the logging truck, but he was able to have the truck back on the job before the mill used up the large supply of logs on hand. L. E. Nailer, the second off-bearer for Walter Douglass' mill has been sick for several days last week. He was fortunate in a way, though as his illness kept him at home the days the mill was not in operation.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach, or constipation. Cleanse and tone your liver! put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of health, vigor and energy. You will be completely satisfied; otherwise there will be no cost.
