# PROSPERITY SHOWN IN NEW BUILDINGS Tuesday.

Work was commenced Monday Office in Lichthorn Bldg., Estacada, morning by W. F. Cary in laying building 75x150 feet on the northwest corner of the Estacada hotel H. E. Worden of Portland is now em- original W. T. Linn farm on Eagle ors in Oregon City one day last ber 7. PHYSICIAN AND SURGEON. X RAY EQUIPMENT - GLASSES FITTED block.

This building will be so planned as OFFICE and Residence Second and Main Streets Estacada, Oregon-Telephone Connections to house three business concerns and a fireproof wall will separate each.

An effort is being made to secure the removal of the postoffice from its present location to the new structure now contemplated. The present space occupied by the postoffice Oregon. is too small to care for the increasday. ing business of this office and a petition was circulated this week ask-

moval. This petition, it was report- week. ed, met with almost unanimous favor 10 A. M. 10 5 P. M from the business men of the city.

the city, for it will take care of sev- 8-6tf

eral concerns now housed in quarters that are not fireproof.

State Bank building is progressing this week. rapidly at this time and the tile work is now being done. This, too, is a modern fireproof structure of the modern type.

The People's Store has this week been given two new coats of paint and is attracting the attention of all. The interior is being repapered and improved in various ways.

All this indicates that the prospergood by the merchants and business men of the town.

BIG SCENES IN "SHOCK PUNCH"

From start to finish there isn't a slow foot in this one. Even the love scenes are full of snap, with a little comedy thrown in for good measure. There's plenty of plot of the kind

that always goes over big. But the big thing is the thrills. In fact, its the biggest thing of its kind that has ever been screened. The thrils start to come along from the very first reel, and in the last couple of scenes

they get so thick that they pile up on each other.

Pretty nearly everybody gets the "thrill that comes once in a lifetime" when he or she stands on an extreme-ly high place. Just to stand there is enough to give most people the binore an extreme binore and there residence on Shafford avenue. shivers, so you can imagine how they feel when they watch workmen dancing around on 6-inch girders on the 30th story of a new building. You can imagine how they'll shrick at Dix when he falls from one of these index and the they they'll laugh these girders, and how they'll laugh when he catches himself on another
