The Better Buick is a Man-sized Motor Car

The 3-Passenger Country Club Model

People appreciate a smart-driving, easily-handled, but full-sized, man-sized car. The Better Buick, for instance.

Each Buick model seats its capacity of full-grown people—in relaxed ease—without cramped legs or necks. Tall people, especially, enjoy its extra head-room and leg-room.

American men and women are above the average stature. And a smaller car than Buick is apt to be tight-fitting, low-ceilinged, crowded!

Drop in and try the ample, arm-chair comfort of a car that is right in size. Bring some of your six-footer friends. You will find another big reason why Buick is so widely considered a better motor car—another reason why there are a million and more enthusiastic Buick owners.

Or telephone, and we will send a Better Buick to your home or office for you to try.

Street Railway Company Will Operate

Five More Bus Lines in Portland.
Following the general policy which has been adopted by virtually all the leading electric railway systems of the country, the Portland Electric Power company is planning to extend its bus service in the Oregon Metropolis.

The company recently asked for franchises covering the operation of motor busses on five new lines which are designed to serve rapidly growing suburban sections which are not now served by adequate transportation facilities.

These new bus lines are to act as feeders for the existing street car lines, and under the terms of the new franchises, the company will give a free transfer privilege to and from the trolley lines without additional charge.

The five new bus lines will be in operation some time before the end of the year and will give the Portland Electric Power company a total of six bus lines and 32 electric railway lines. The new bus service will represent an investment of about \$125,000.

In Portland as in nearly all other cities where there has been a demand for bus service to supplement the trolley service, the public as well as the city authorities have taken the position that the existing street railway system should be given the first opportunity to provide the necessary bus service.

Hall's Catarrh Medicine.
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.
HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health.
