#### Mrs. Nova Smith Matson Passes Sunday Afternoon

A cloud of sorrow passed over our community when word came from Oak Grove on Sunday bearing the news that Mrs. Nova Smith Matson had passed away.

Nova, as everyone in our community knew her, having been reared and educated here, was most dearly beloved for her goodness and happy disposition and ever had a pleasant word and smile for all.

She spent her early childhood days at Boring, Oregon, where she was born July 30, 1905. Later the family moved to Estacada where Nova attended the grammar school and later the high school where she graduated with the class of 1923. She was married to Mr. Walter Matson in April, 1925.

Her funeral services were held on Tuesday afternoon February 23, 1926 at the Estacada Methodist church , with Rev. Ira A. Rankin, the local pastor, in charge. The music for the services was furnished by Mrs. Harry Kitching and Mrs. George Lawrence, who sang "Face to Face" and "Peace, Perfect solo, "Good-night, Good-night, Beloved."

Mrs. Matson leaves to mourn her her husband, Mr. Walter Matson. and an infant son, baby Homer, also her parents, Mr. and Mrs. James Smith, two brothers Warren and amount of tax due. Those blanks James and other relatives.

The news with all her other friends in this community wish to for the year 1925 did not exceed extend to the bereaved ones at this \$5000. time their sincere sympathy.

#### A. A. A. MEMBERS PROTECTED

Few of the cars that are stolen belong to members of the Oregon State Motor association, according at this time. to a statement by George O. Brandenbudg, general manager of the Oregon association today,

The statement is the result of an investigation made by the American Automobile association, of which the local club is a prominent affiliation, showing that few club members have their cars stolen, despite the fact that about one out of every fifteen car owners belongs to an automobile organization.

Mr. Brandenberg explains that owing to the development of the local and national emergency road service to the club members the theif who steals a member's car is immediaetly at a disadvantage.
