

When You Trade Your Car--

Ford owners are continually being approached by automobile salesmen who wish to "accept" Fords as part payment on more expensive cars.

It is perfectly logical that automobile dealers everywhere should be eager to trade with Ford owners. The Ford is the most popular automobile in the world. No other used car is so easy to sell as a used Ford—because everyone has confidence in Ford quality.

And it is not expensive to re-condition, since Ford replacement parts are lowest in price.

Most automobiles carry greater discounts to dealers than the Fords—another reason why other dealers may offer the Ford owner a large trade-in allowance.

But when you come to buy a new car, bear these facts in mind: The amount of trade-in allowance you can get is NOT the most important thing for you to consider. The big thing is the difference you have to pay. And remember that the higher priced car will not be so easy to dispose of when you come to trade it in.

If you wish to trade your Ford for a new automobile, stick to the car that you know is dependable, useful and economical! Go to your Ford dealer!

He will give you a fair and liberal allowance for your present Ford, and will gladly arrange payment of the balance to suit your convenience.

When the deal is over, and you have your new and improved Ford, you will have the satisfaction of knowing positively that you took advantage of the greatest automobile value the world has ever seen—and saved a lot of money, too.

Among newspapers the worst enemy is the Hearst string of publications. We cannot think that Mr. Hearst as an individual is a citizen of this stamp, but he certainly employs publishers and editors who go the limit in wet propaganda.

The BULL'S EYE

Editor and General Manager
WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, Ziegfeld Follies and screen star, and leading American humorist. More coming. Watch for them.

Congress No. 1

I went to Washington the other day. I visited "The House of Representatives," they were in session. What I mean by being in session, the tax bill was up for debate and they were arguing on "Better Golf courses for the medium salaried man." I suppose if the World Court bill had been up, they would have been talking on "Shall America park oblong or parallel."

Well, then I went over to the Senate. They had adjourned, so I felt that America was not having such a bad day at that. We were only 50 percent inefficient THAT DAY.

You know we all joke and kid about Congress; but we can't improve on them. No matter who we elect, he is just as bad as the one he replaced. So with all their faults we love 'em. They are as good as the people who vote to put them there, and they are 10 times better than the ones who don't vote at all. They are like "Bull" Durham, they are not perfect, but they are the best in their line.

Will Rogers

P.S. There will be another piece in this paper soon. Look for it.
