GRANGERS WILL PICNIC AT EAGLE CREEK GROVE MAY 15

For a great number of years the annual picnic of the Eagle Creek Grange has been held in the grove adjoining the Grange hall at Alsbough. These gatherings have always been well attended as one of the events in the history of Eastern Clackamas county. This year arrangements have been completed for a basket picnic on Saturday, May 15, and a greater event is anticipated than any year preceding. One or two good speakers have been engaged in time past to address the gathering on matters of local interest. Harvey E. Cross has been invited this year to tell something of county affairs and there will be others most likely who will have something to say about matters that will be of general interest along the lines of husbandry.

The I. O. O. F. band under the direction of Prof. Bushnell will be in attendance with a number of good selections and everyone attending this picnic is assured of a good time.

GRADE SCHOOL NOTES

First Grade—

Miss Mary Alice Reed and the two little Reagan children were pleasant visitors to the primary room on Monday afternoon.

The first grade children are enjoying four new Victor records bought with money from the Operetta fund and that appropriated by the P.-T. A. for the purchase of records. One record recommended by the music department of the Portland schools for music appreciation in the first grade is "Berceuse" from Jocelyn and "Humoresque" by Dvorak. Another descriptive record for appreciation is "A Boy and the Birds" and "The Lion Chase." One record furnishes a variety of bright, snappy, sharply accented music to be used in our recreative period as motives for skipping, marching, imitations of high-stepping horses, galloping reindeer, etc. The fourth record gives the music for two folk-dances, "Tantoli," and the "Crested Hen."

BOARD OF HORTICULTURE STARTS WAR ON EARWIGS

The State Board of Horticulture has started a vigorous war on earwigs. Mayor Stephens has received a communication outlining a manner of procedure for the extermination of this destructive insect. It is not really a migratory thing but is usually carried from place to place in clothing baskets and fruit cases, and when the female is left in any locality she gets busy and deposits her eggs, and as soon as they are hatched the family gets busy and eats up everything in the way of vegetation as fast as they can get to it. A large quantity of these insects can destroy a bed of garden vegetables in a surprisingly short time. A full developed earwig is from one-half to three-fourths of an inch long and of a dark brown color when fully developed. The female will lay or deposit from 30 to 60 eggs on rocks or old wood generally in places where the soil is not healthy. After the insects have worked a bed of vegetables it is naturally a good place for the further propagation of its kind and the soil should be doctored in time to prevent the ravage of the vermine as well as after. If anyone having trouble with the earwig will see the Marshal or Recorder. They, no doubt, can get information or help in the extermination of the pest.

Predict I. L. Patterson As Republican Nominee

Portland, Ore., May 13, (Special)—Senator I. L. Patterson will be the Republican party nominee for Governor. Such is the general prediction being made here by Republican and Democratic leaders alike.

Incidentally it might be remarked in this connection that the splendid showing of strength made by Patterson leaves no doubt of his success at the general election and that fact has been a strong element in attracting all classes of Republicans to his standard.

A remarkable feature of the campaign of Senator Patterson is, that from the time of the announcement of his candidacy he has maintained a strong lead over his opponents.

It has been generally conceded all the while that he would emerge triumphant in the Willamette valley, the only difference of opinion being as to the size of the plurality and now that Seymour Jones has announced his support of Patterson it is prophesied that he will carry the Valley by a majority instead of a plurality.

It is also predicted that Mr. Patterson will carry Eastern Oregon.

The consensus of opinion throughout the state is that if nominated, Mr. Patterson would be stronger in the Fall election than in any other candidate. He, being a practical farmer, is in sympathy with the farmer's troubles, and will apply business methods for their relief.

Patterson is making the campaign on a platform of progressive and constructive principles, and making an unqualified promise that he will reduce taxes, and that he will apply business principles to the administration of State affairs.

EAST PORTLAND WINS OVER ESTACADA BALL CLUB 12-10

In a hard-fought game on the local diamond last Sunday the Estacada nine lost to the East Portland team by a score of 12 to 10. Pitcher Needy of the Eastsiders was badly hurt and Garbarina was also carried off the field in the third inning with a badly spiked foot.

In the first inning four runs were made by the Portland team with Duncan in the box, and he was relieved by Lovelace who permitted six scores to be made. Lovelace was relieved in the third inning by Moreland who held the visitors to two runs in the remaining six innings.

Jennings and Lovelace secured homers for the Estacada club while Marlow, Garbarina and Price came through with doubles for the Portland aggregation. The lead secured in the early part of the game by the visitors was all that saved them from defeat.

Score	R	H	E
East Portland,	12	16	5
Estacada	10	11	4

Batteries: East Portland, Needy, Krump, Price and Baylor. Estacada, Lovelace, Moreland and Sarver.

E. H. S. GIVES MUSICAL EVENING AND PIE SOCIAL

Under the direction of F. E. Bushnell of Portland, musical director of the Estacada high school, the high school orchestra appeared in concert on Tuesday evening in the school auditorium before a large and most enthusiastic audience.

Their work showed much study and practice and proved very entertaining.

Between the first and second part of the program played by the orchestra, an intermission of five numbers was given. Among them was the appearance of the high school glee club whose work was delightful and showed fine training.

Miss Ethel Hayman also played a piano solo in her usual pleasing manner which was heartily enjoyed.

Other numbers were string trio by the Yocum family; guitar solo by Miss Ruth Day; and girls of the orchestra in song and string which was good.

The Estacada schools are indeed fortunate in having such a fine amount of musical talent among their students and should put forth every effort to further its development.

Mrs. Mrs. George Guttridge entertained on Tuesday evening at a delightful party for her children. The honor guests were the boys' teachers at school, Miss Herman, Miss Sunderland and Miss Schmidt who were also guests for dinner that evening.
