A GREAT APPLE VALLEY

Over 17,000 carloads of apples were shipped out of the Wenatchee Valley, Washington, last year, giving it the lead of all sections of the United States in apple production. A GIANT GRAIN CO-OPERATIVE Years ago the farmers of western Canada established a market of their own to handle grain. It has steadily grown and taken over other organizations until today it is recognized as one of the important and powerful business concerns of the Dominion. The United Grain Growers have assets of \$9,764,414, with 35,000 farmer shareholders owning a paid-up capital of \$2,890,000. It has 400 country elevators and has handled 6 million bushels of grain since the organization was formed. This huge co-operative is an outstanding demonstration of what farmers can accomplish when they think alike and work together.

GREAT PRODUCTION PROSPECT

General rains the first of May have practically guaranteed big production of all crops and fruits for Oregon. Prospects for bumper production were never better.

CLARK LEADING REPUBLICAN CANDIDATE FOR SENATORSHIP

The Republican senatorial campaign has taken the center of the political stage and has very largely diverted attention from the campaign of candidates for other offices. The situation in the senatorial campaign has been rapidly changing during the past two or three weeks. Everywhere there has been a decided swing towards Alfred E. Clark in the Republican contest and in political circles and among political writers of the daily newspapers it is figured that at the present time he is probably the leading candidate for the Republican nomination.

There is some divergence of opinion as to the causes which have brought about this result. It is probable that chief among these causes are the united support of the Progressive element of the Republican party, his vigorous support of the direct primary system, and the revolt of members of the party against what appears to be an attempt on the part of the Oregonian to dictate the nomination of the man selected by it.

Some time ago the Portland Daily News which has a large circulation in Portland and vicinity came out in support of Mr. Clark. More recently the Portland Telegram did likewise. A number of up-state papers are also supporting him.

It is quite generally conceded that he will carry Multnomah county by a big vote, that a number of outside counties will also go to him and that he will get a considerable vote in the balance of the state.

The bedspread that the ladies of the Garfield Grange made was drawn by Miss Grace H. Cooper, of Portland, Oregon.

H. H. Chindgren, candidate for State Representative on the Republican ticket made the news a visit Tuesday and stated that he felt quite sure that he would be nominated.
