**SPRINGWATER CHURCH**

Thomas I. Kirkwood, Pastor  
Sunday school meets at 10 a. m.  
Mr. Edward Shearer, superintendent.

The service of worship is at 11:00 o'clock. The subject for the morning will be, "Jesus and His Parables." This is an introductory sermon of a series dealing with the parables of Jesus. We invite you to join us in these studies.

The Christian Endeavor will meet Friday evening, Sept. 10, at the home of Mr. and Mrs. J. A. Shibley. The topic is, "What Is the Church and What Should It Be Doing?" Come prepared to express an opinion.

**THE METHODIST CHURCH**

Ira F. Rankin, Pastor.  
"Never in Bondage" will be the subject of the sermon by the pastor next Sunday morning, Sept. 12th, at the 11 o'clock service. The subject of the sermon at the eight o'clock service Sunday evening will be, "The Warring Queens."

The Sunday school convenes at 10 a. m. The attendance last Sunday was only 42, but that number should be more than doubled by next Sunday, as the vacation season is over, and we should all renew our interest in Christ's work.

Epworth League Devotional meeting Sunday evening at seven o'clock. Two important board meetings next Tuesday evening. The Sunday school board meeting at 7:30 and the official board of the church at 8:30. These being the last regular board meetings of the conference year, a full attendance is urged.

Prayer meeting at the church Thursday evening at 8 o'clock. You are always welcome at "The Friendly Church on the Hill."

"Make a joyful noise unto Jehovah, all ye lands. Serve Jehovah with gladness: Come before His presence with singing."—Psalm 100:1-2.

**CHRISTIAN LADIES AID MEET**

The Ladies Aid of the Christian church held a pleasant meeting at the U. S. Morgan home on Thursday afternoon. This was the first meeting after the summer vacation and there was quite a good attendance, there being fourteen members present.

**CARD OF THANKS**

We wish to thank all who helped to make our candidate win the honor of being queen's maid at the highway celebration. Also those who helped to make the crowning of the queen at Barton a success.  
Mr. and Mrs. Geo. Forman.

The joint-dislocating Charleston dance is to give way to a languorous glide with hops barred and a tendency toward the tango movement and a dying calf expression. So say authorities on such things.

For the news take the News.

That the hen and her product occupy a prominent part in the prosperity of the Pacific Northwest may be found in the fact that more than fourteen million dollars' worth of eggs and poultry will be marketed this year by the Washington co-operative egg and poultry association. Climate, fine quality, are two main factors in making this industry a paying one.

Even the great city of Paris with its supply taken from the rivers Marne and the Seine is threatened by a water shortage and is looking about for a source of greater supply. Fortunate indeed are we of this region where the snowfall on the higher mountains provide us with an ample flow of the purest water for all the purposes of mankind.

Hope looms for the farmer yet. Science is working to produce synthetic rubber using corn and potatoes, with good signs for success. It may require some time for this, but the average farmer is used to that.

If you wish your trade to rise, you must surely advertise.

The influence of the newspaper on the masses is recognized. If they took the same attitude and joined in the work of uplifting humanity as do the various churches, such a reform in crime and vices would result as the world thus far has never known. But it is a lamentable fact and of no credit to our intelligence that the press of the country does practically nothing to bring about such a happy condition. The newspaper is certainly a very wordy affair, too, apparently having no aim for good.

THE NEWS FOR THE NEWS.

Three figures which mean extra motor car value

Buick motor cars are now designated by their wheelbase lengths. Series One Fifteen has 114 1/2 inches of wheelbase. Series One Twenty is 120 inches from axle to axle, and Series One Twenty-eight measures 128 inches.

Many cars, several inches shorter than Buick and without advantages offered by Buick design, are priced considerably higher.

Compare the wheelbase length of other cars to Buick, before you spend your money.
