### What Lincoln Would Have Said

By DOUGLAS MALLOCH

THERE is that blasphemy that speaks of heaven with the hectic cheeks of dissipation. There can be another sort of blasphemy. A sacrilege another kind: When men assume to speak the mind of Lincoln, when they dare to say what he would think upon this day. What he would say if he had power? Upon some question of the hour.

Now Lincoln would have said he said: Let the record stand. The dead have rights as well as living men. Who dares to speak for Lincoln then? His great heart sleeps. Who shall assume

To stand behind the honest name of Lincoln, seek to cloak your shame in his white robes. For only ghouls Rob great men's graves, and only fools Put on the garments they lay down. The jester in the monarch's crown. Play demagogue, if you play you must. But keep your hands off dead men's dust.

Nor rob the great defenseless dead And say "what Lincoln would have said."

#### FOR THE GOOSE—

IF YOU think the thing you're about to do might be wrong, listen to your mother and don't do it. If you know it's right, listen to your mother, but go ahead.

Why is it next week looks bigger than all its last year?

Once you let your neighbor come in without knocking, you gotta keep the latch on all the time.

#### FOR THE GANDER—

Educatin' a fool is as much use as givin' a blind man a birthday present of a mirror.

Even a traffic cop'll talk gentle when there's no motors in sight.

If people hate you, it's often on account of some'n inside themselves. But if they despise you—look into it.

#### THE MINSTREL SHOW

THAT the once popular minstrel show was an institution of American conception is to be assumed, for the negro as a character is, of course, the product of America. But that the impersonations which sang and laughed their way to popularity all over the world were the outgrowth of a man's sentimental fancy, years before the Civil war, is not generally known, nor the peculiar circumstances of its beginning.

For years Ned Christy, later world famous as the originator of the minstrel entertainment, nursed a heartfelt desire to portray to the North the life of the southern darkies. In the spring of 1842 at a hotel in Buffalo, he suddenly proposed to the proprietor of the establishment that he give some darky impersonations for the entertainment of the other guests. He had come unprepared, but with the assistance of the proprietor's son and another young man, some burnt cork and a banjo, violin, tambourine and bones, he gave his darky show. It met with so much favor at the hotel that he repeated the performance once or twice every day for several months.

#### WAYS WITH BACON

THE fat from the breakfast bacon should be carefully saved. It may be used to fry potatoes, as shortening for biscuits, and as fat to bind soups, provided the family likes the flavor. It may be used in spice cake for shortening, saving butter.

#### Spanish Rice.

Brown four slices of thinly cut bacon and remove them when well browned and crisp. To the fat in the pan add one-half a green pepper finely shredded, a tablespoonful of chopped onion and fry until the onion is a light brown. Add one cupful of boiled rice and one cupful of stewed tomato. Season with salt and pepper and add a little sugar. Cook about fifteen minutes or until thick and the liquid is absorbed, then add a tablespoonful of butter, place the bacon on top and serve from a chafing dish.

#### Bacon Salad Dressing.

Cut four or five thin slices of bacon into squares and fry until crisp. Mix one-fourth teaspoonful of mustard and one teaspoonful of sugar with one egg slightly beaten, add one-third of a cupful of vinegar (diluted if too strong) and pour into the pan containing the bacon. Stir and cook until the egg thickens to the degree of cream. Serve over lettuce salad.

#### Scallop of Bacon and Cheese.

Sprinkle the bottom of a baking dish with a thin layer of bread crumbs, put in a layer of thinly sliced bacon, cover with a layer of grated or thinly sliced cheese, add another layer of crumbs, bacon and cheese, then cover with a thick layer of buttered crumbs and bake until the crumbs are brown. Bacon fat poured over lettuce, sprinkled with seasoning, add a little vinegar after the fat has been poured out, and when hot, add to the lettuce. With minced onion or green peppers this makes a most tasty salad.

### Quart of Water Cleans Kidneys

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys may act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications.

It's only when we do our best that we get any joy out of work.

### When Winter Comes Good Elimination Is Essential

HABITS of life change with the changing seasons. Winter brings us more indoors; we are apt to get less fresh air and exercise, to eat heavier food and to be less active generally. These winter-time habits impose heavier burdens upon our hard-working kidneys. Unpleasant ways. One is apt to feel tired, aches and listless — to have drowsy headaches, dizziness and perhaps a dull, "toxic" backache. That the kidneys are not functioning as they should is often shown by scanty or burning secretions. Sluggish kidney function permits retention of poisonous waste in the blood and makes one an easier victim of winter's colds and chills. Presence of these unfiltered toxins makes itself felt in many unpleasant ways. One is apt to feel tired, aches and listless — to have drowsy headaches, dizziness and perhaps a dull, "toxic" backache. That the kidneys are not functioning as they should is often shown by scanty or burning secretions. At such times the use of a stimulant diuretic\* to the kidneys is indicated. Doan's Pills act on the kidneys only. Grateful users the country over recommend them. Ask your neighbor!
