PATRIOTIC PROGRAM MONDAY AT 11:30

MRS. ESTACADA HOUSEWIFE

If you are half as interested in good cooking utensils as we are pleased with what we have to show you, you will feel well repaid for coming to our store any time within the next three or four days.

You might almost call it "An Exposition of Fine Aluminum." For when you inspect this beautiful showing of VIKO utensils, we know you will approve our judgment in featuring this splendid known ware.

VIKO is made of thick, hard aluminum to insure durability, economy, and lasting satisfaction. Yet our prices on VIKO are moderate indeed.

You are especially invited to attend this exhibition. And you will find in it, we believe, one more expression of the established policy of this store—to give the best possible value in return for the money our patrons invest with us.

Cordially yours,

THE PEOPLE'S STORE

THE ESTACADA

To the good people of Estacada:

About 4 years ago, we took over the management of THE ESTACADA and during that time we have endeavored to put in 24 hours each day trying to improve the service and to give the public a better hotel. We trust we have gained your confidence.

The door has never been closed nor the light put out. Always warm in cold weather and cool on the hot days!

Doesn't service like this generally appeal?
