Study of Mosaic
The study of the mysterious plant disease called mosaic, from the mottled character of the infected leaves, may be greatly enhanced by the use of the ultramicroscope designed by J. E. Barnard, the famous English microscopist. It was he who, with Doctor Gye, claims to have isolated the germ of cancer through the use of this instrument.

Not That She Knew Of
Henry Jackson left owing his land- lady several months' room rent. She complained to Judge Wickersham of Harrisburg. "a. "Did he leave any of his personal belongings when he went away?" the judge asked. "No, he didn't leave a thing," the landlady answered. "Did he leave any— anything?" the judge continued. "No str, your honor," replied the complainant. "he didn't even leave that."—Copper's Weekly.

Barber Shop Circus
Tony Sarg has invented a barber shop for children who fear the shears and clippers. He calls it a circus barber shop and has installed several in various large cities. The shop is built like a circus tent. Instead of chairs, there are life-sized lions, tigers, bears, etc., for the kids to sit upon. Directly in front of them is a marionette show which runs for six minutes. In the waiting room are peep-shows, depicting fairy tales. He should next turn his attention to dentists' offices.—The Outlook.

SHE WENT FROM BAD TO WORSE

Down to 98 Pounds—Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound

Cleveland, Ohio.—"After having my first baby, I lost weight, no matter what I did. Then a doctor told me I would be better if I had another baby, which I did. But I got worse, was always sickly and went down to 98 pounds. My neighbor told me about Lydia E. Pinkham's Vegetable Compound, as it helped her very much, so I tried it. After taking four bottles, I weigh 116 pounds. It has just done wonders for me and I can do my housework now without one bit of trouble." —Mrs. M. REISSINGER, 10904 Nelson Ave., Cleveland, Ohio.

If some good fairy should appear, and offer to grant your heart's desire, what would you choose? Wealth? Happiness? Health? That's the best gift. Health is richer than gold cannot buy and surely health is cause enough for happiness.

Lydia E. Pinkham's Vegetable Compound may be the good fairy who offers you better health.

Every city man looks forward to the time when he will have his own garden and raise his own chickens.
