Eagle Creek Grange met last Saturday at the Grange Hall. They held a short business meeting before dinner and two candidates in the 3rd and 4th degrees. An interesting Lecturers Hour was enjoyed. There were several visitors from Garfield Grange.

The Garfield Grange had planned to go to Dinty Moore's park and have a picnic but, as it rained some that morning they thought it was too damp and cold to picnic so decided to take their dinners and spend the day with Eagle Creek Grange. The Eagle Creek people were pleased to have the Garfield folks meet with them and hope they will come again.

"Monty" Newell, of Damascus, visited Eagle Creek Grange last Saturday. He came to attend the Garfield picnic but finding none of the Garfield folk at Dinty's he came over to Eagle Creek Grange Hall, and found everyone eating dinner, so he joined them.

It was discovered that someone had again broken into the Grange hall and taken some table covers and the sashes which the drill team wore while putting on drills.

Mrs. McKay was calling on Mrs. R. B. Gibson on Tuesday afternoon.

We have one good as new Fairbanks-Morse 1 1/2 horse power gasoline engine for sale cheap if taken at once.—See Pointer's Furniture Exchange.

James and George Guttridge left Thursday for Aurora where they were going to pick hops. Mrs. Guttridge and Earl are planning on leaving in a few days for the hop fields.

Those who bought asters from O. V. Coop are entitled to a prize for the two best bouquets exhibited on Labor Day.

Arlie Coop and Jeanette Maysmith of Camas, Washington, came out Sunday to visit Mrs. R. S. Coop, returning the same day.

Mr. and Mrs. Felix Carlson of Deep Creek visited with Mr. and Mrs. O. V. Coop Sunday afternoon. Gilbert Carlson returning home with them.

O. V. Coop has purchased Holders Green house and expects to be able to supply the local trade with plants next year.

J. H. Sterling who ran an ad in the classified section of the News a few weeks ago was in the office last Wednesday to run another ad in this section that it was a paying proposition. He has sold over three carloads of sheep in the past three weeks and is now on his fourth car. The sheep he is selling are especially adapted to this part of the country.

If you have anything to sell and want to sell it quick, the thing to do is to place a little ad in the Classified Columns of the News.

Rev. and Mrs. F. Morton of Kennewich, Washington, were the guests of Mr. and Mrs. Milton Boylan last Mrs. Alice Henkle and Mrs. J. P. Rheingans, the latter sister of Milton Boylan, are spending a few days here on their way home to Iowa.

Painting at regular intervals is the cheapest way to keep buildings and implements in good condition. The building materials widely used today, such as yellow pine, cast iron, and the more common steels, deteriorate rapidly on exposure, and need frequent painting. Even sheet iron that has been tinned or galvanized to prevent rusting, usually should be painted because of imperfections in the coating.

Notwithstanding the growing importance of the specialized poultry flock and of the commercial farm flock, the general farm flock, is still

the backbone of the poultry industry and to insure equal distribution of the feed. To prevent the calves from sucking one another, it is best to keep them in the stanchions for some time after feeding. Calf stanchions are usually 36 to 40 inches high with spaces 4 to 5 inches wide to 2 1/2 feet between the calves.

Abundant sunshine and free space are as essential in pecan production as in liberal plant food in available form and space to the roots. The planting distance between pecan trees has increased an average of approximately 1 foot a year since 1900, being at that time about 35 feet. At present few orchards are being set less than 60 feet each way, with the tendency toward greater distances. Occasional orchards are spaced 100 feet.

Calves kept together in a large pen are difficult to feed by hand unless tied. When they are loose the milk is often spilled, and the larger calves get part of the smaller ones share. Very simple stanchions may be constructed to prevent losses of milk

No matter which way you drive, if you don't drive the right way it may be the way to jail.

CURRINSVILLE

Mr. R. H. Curran spent the week end at the home of Winona Wade and family and the Lester Hale family spent the week end in huckleberry patches. They report the berries not so plentiful as some years but nice and large.

Mrs. Millie McConnell, mother of Earl McConnell, Mr. and Mrs. Fred Thompson and baby, Mr. and Mrs. Paul Muesing and baby, of Portland, were visiting the Earl McConnell's over the week end. Mrs. Thompson and Mrs. Muesing are sisters of Mr. McConnell.

Mr. and Mrs. G. B. Linn returned from Willhoit Springs and are rested and feeling fine.

Nearly all of the threshing is done and farmers are elated over not getting grain wet.

Mr. H. D. Lombard, recently from Iowa, has leased the R. H. Curran ranch and has bought holdings of Geo. S. Kitching and expects to take possession of the place at once.

Geo. Kitching expects to move to Estacada in a few days.

The Currinsville store is looking quite different since Mr. Iven Hagen has been using the paint brush.

John A. and Elmer Marshall have built a new wood shed for the Currinsville store also laid some concrete dalks.

L. H. Ewalt is placing a new seed clearing machine in the mill house of the Currinsville Store. This is one of the well known Clipper machines and is a machin ethat is highly recommended.

SPRINGWATER

Guests of Mrs. Nettie Grable and Harry Grable and family for a few days recently, were Mr. and Mrs. Newman and daughter of Modesta, Cal., and Mrs. Maggie Buckley of Fort Jones, Cal., who are relatives of the Grables.
