UNION OF CLUBS

MEET AT GLADSTONE

Twenty members of the Eastern Clackamas Community club attended the Greater Clackamas Union of clubs at Gladstone last Thursday evening and came near bringing back the large coffee urn presented to the club for the largest percentage of its membership in attendance. White City Community club, the winners, only had three more in its representation there.

Merton G. Ellis of Canby, newly elected president presided and named the following committees for the year Mrs. Edith Hazen, Milwaukie and Dr. H. W. Freeze, Oregon City to be alternate program chairmen. Herman E. Lafke, Canby, agriculture; B. O. Gerrett, Oregon City, publicity; Gordon J. Tatlor, Molalla, roads; M. S. Shrock, Milwaukie, visiting committee.

Dr. P. O. Riley, Hubbard, secretary of the Marion County Federation of Clubs, was the speaker of the evening and talked on the value of community cooperation. His address was greatly enjoyed as also were the musical numbers by Mrs. J. W. Lind and the Gladstone Merry Makers' orchestra. The splendid dinner was served by the ladies of the Gladstone Community club. It is quite likely that the next meeting will be held in Milwaukie.

All Saints Night

Hallowe'en at Estacada and vicinity was duly observed by parties and dinners and many social affairs previously have made use of the black and yellow colors, black cats, witches, etc., as decorations.

The evening was clear and cold and a warm fire should have been a very pleasant commodity. However, the youth was abroad in the land and despite strictest vigil, managed to celebrate this occasion in what they termed a glorious and happy manner, but what older people considered a riotous manner. Harmless sports and pranks are tolerated with a smile, but when property is destroyed and great expense is the result of pranks and moving of property, then the law takes a hand in the business.

Many people about town took the precaution of lifting their gates from their hinges and putting them away in safety, clearing their porches and yards of all movable property and locked their woodhouses and garages yet the youngsters had no trouble in finding plenty of employment. However, it was not so bad here. Some sidewalks were torn up, and quite a number of small buildings moved, but most of them were replaced by the boys and now everything is lovely "and the goose hangs high" for the next great celebration.—Thanksgiving.

Mr. and Mrs. S. W. Lawrence of Portland were guests of Mr. and Mrs. G. E. Lawrence last Sunday.

Library News

There was quite an increase in the number of books loaned during October over September. 312 books were loaned and on the first day of November the number of books still out was 93.

New subscribers to the Library Association during the month were, Mrs. E. T. Jones, Mrs. Jean Weingart, Leslie Darrow, Hershel Gauley and Evelyn Bronson. Old members that renewed were, Mrs. J. G. Haynes, Mrs. Rhoda Beck, Mrs. Ray Wilcox, Mrs. George Kitching and Mrs. Lemma.

The book, "Leg Misgrables," was donated to the library by Mrs. G. B. Ellis and one book was lost.

The children are surely enjoying the new juvenile books purchased last month and the question is asked most every day, "When are you going to have some more new books for the older people?"

While going down Broadway Street in Estacada we noticed that you were still able to see the effects of the Labor Day celebration which was held about two months ago. The "effects" that we are talking about is the "Ginseng Lane" sign on the building that is occupied by the "Square Deal Barber Shop". This was in the interest of a good cause and we say "Never let the interest die and the good cause will always live," and guess that is the reason the sign is still up.

High School News of the Past Week

Estacada high school was defeated by Milwaukie high school in a game of football last Friday on the Milwaukie field, by a score of 12 to 2. The entire student body was excused to attend this game and a good percent of them attended and did their share in the rooting.

Remember this date, November 4. Date of the high school program. Everyone attend the entertainment and help the high school.

At a student body meeting Friday, the Freshmen were inspected by the Seniors to see if they were wearing their green ribbon. Several Freshmen were put under the shower as a result of the investigation.

The cooking class has been making muffins and biscuits.

The sewing classes are getting along very nicely with their second problem which is making dresses.

The Camp Fire girls, accompanied by their leader, Miss Anderson, went for a hike last Saturday. After crossing the river on the bridge near town, they roasted "weenies" and ate their lunch and then went on up the river and crossed back on the swinging bridge above Faraday.

The wood-turning class is almost finished in its exercises, and will soon start on its project, such as napkin rings, candle stick holders, etc. Some of the boys in the upper classes are working on a large walnut radio cabinet.

Olive Bishop and Pauline Buell have received pins for typing more than forty words a minute.

With the absence of one of their best football players, Everett Osborne the Estacada football boys went to Milwaukie and were defeated by a score of 12 to 2. Next Friday, they will tangle with West Linn on their own field.

Estacada lost another hard fought battle to Milwaukie last Friday afternoon, October 28. The game was scoreless at the end of the first half. Estacada had the ball on the Milwaukie three yard line and trying four times could not put the ball over the goal line far enough to convince the referee. This discouraged the boys somewhat and in the second half Milwaukie scored two touchdowns. Everett Osborne, Estacada high's fullback, who was ill, was greatly missed several times. Estacada would have scored more than once had Osborne's 175 pounds been in the line to penetrate the stone wall put up by Milwaukie. As it was, their fullback was too light and so Estacada remained scoreless.

Mrs. Homer Sarver came from Portland last Sunday to visit at the home of her parents, Mr. and Mrs. E. Hannah.

Mr. Norris set to work with a will to put the culvert in and a wooden trough was also installed to take the water farther out from the paving and taking the whole thing in to consideration it is a good job from beginning to end. The city officials are willing to do anything reasonable for the improvement of Estacada.

Several nominations were made for president, but after considerable discussion, the secretary was instructed to cast the ballot for the unanimous election of Mr. Ames for president. J. G. Hayman was elected vice-president and Miss Maude Sherman was the unanimous choice of the club for secretary and treasurer. The name of H. C. Stephens was suggested as the one to represent the Eastern Clackamas Community club as one of the executive board for the Greater Clackamas Union of Clubs and Mr. Ames appointed him to act in that capacity.

The program followed which was an address by A. W. Armstrong on his work as a forest ranger. He had a map and gave the location of all the ranger stations and explained how quickly and systematically the work was carried on. He was given the closest attention and all present were highly entertained by his talk. The musical numbers on the program were furnished by Ralph Baker, violinist with Miss Anderson accompanying. Their selections were greatly enjoyed.
