## EDITORIAL

Higher grazing fees for pasturing in the National forests which become effective this season, will affect the sheepmen, who bring over at least 30,000 sheep from Eastern Oregon every summer to graze in the Government Camp, Zig Zag and Wild Cat sections. The new fees, which are about a fifty per cent increase, will average 3.5 per head for sheep, 12 cents for cattle and 15 cents for horses. It is figured the full competitive value will be secured in this way, however, the full amount of increase will not be effective before 1934.

During the past season 91 way trails have been constructed in the Bull Run and Clackamas Lake districts by the forest service. This work is not only a benefit to fire protection, but is also the primary entrance into the few remaining virgin forests.

The Sandy Community church no longer needs an instrument for use in the regular services, but is a necessity at funeral services as well. Funeral rites have been held there for some loved one from every vicinity surrounding Sandy, and always with out charge for the use of the church.

### Hard Time Dance Enjoyed

Everyone had a happy evening at the hard time dance at the grange hall. Among the many hard time costumes Mrs. Bina Bell and Fred Decker were chosen as having the most natural looking by the committee which consisted of Mrs. Shelley A. L. Mattingly and Birch Roberts. The prizes were a print dress and a shirt. Hot weiners, buns, coffee and dried apple pie were the hard time refreshments. It was a very home like affair, some remarking "poverty always brings folks closer together, socially."

## Watch Sandy Grow

The Clackamas County Bank could ask for no better location than Sandy for a place where opportunities of growth and expansion are so great.

The Loop road running directly through here, the wealth of forest and field at our very door both make it impossible for Sandy to stand still. It must grow! Do you realize the opportunities here?
