**HAL HOSS EXPRESSES
HIS APPRECIATION**

OREGON CITY, May 31.—(To the Editor).—Please permit me to express to you, and through you to the republican voters of Eastern Clackamas county, my deep appreciation for the support accorded me in the recent primary election. My vote in my home county was gratifying to me and I know full well that I should not have found so many friends had it not been for the endorsement of your newspaper. It is an absolute impossibility for a candidate to contact each and every voter personally and aside from that means there is only one other so effective. And that is newspaper publicity.

I had my campaign so planned that where I had newspaper support I depended upon it almost exclusively, although I did make as much of a personal campaign over the state as I could. In Portland, where I had no newspaper support, I centralized my personal work, and by balancing the two succeeded in making a consistent showing all over the state.

The reports appear to show that I was either first or second in number of votes for this office in every county except one, and in that county I had no newspaper representation whatever, and did not visit there.

My success is a distinct tribute to the influence of the up-state press. A number of my editor friends have been so kind as to say that their faith in me and their knowledge of my ability and integrity gave them something to work on, and while of course I felt that I was fully qualified for the position, and that the press would not have supported me had I not been, I know that the co-operation and support of the newspapers of Oregon was the essential factor in winning the nomination. In times of elections, candidates naturally turn to their friends for support.

Fortunately for me a great number of my friends were in the newspaper business and their support was more influential than any other group could have been.

I was nominated without doubt as a result of the support of the newspapers, but I am not a "newspaper" candidate and there was no collusion between publishers to put me over. Neither did my former connection as an officer in the editorial association have anything to do with my victory; I was supported in many instances by editors who had never been members of the association.

I am very grateful for the splendid majority accorded me, am deeply appreciative of the confidence shown in me by the electorate of Oregon, and thank you most sincerely for the fine support you gave me. As secretary of state it will be my objective to give the people of this state a clean conscientious administration of their affairs, free from politics and showing every courtesy possible.

Very truly yours,
HAL E. HOSS,
Republican nominee for Secretary of State.
