HUNDREDS OF PEOPLE VISIT ESTACADA LAKE

MANY COTTAGES BEING BUILT ON LOTS RECENTLY PURCHASED IN DISTRICT

Between 9 o'clock in the morning and 6 in the afternoon over 400 cars passed through the main entrance to Estacada Lake park Sunday. Several motor boats were on the lake and the people were fishing, boating and swimming and enjoying picnic dinners.

The club house was open and many enjoyed the cool and delightful retreat. Many were busy clearing and getting ready to build cottages, while many more enjoyed cottages already constructed.

Among the many visitors were Mr. and Mrs. J. W. Ropp and sons of Portland. They have bought lots and expect to build a cottage this summer. They have four lots in one section and four in another. The location they have selected on which to build is a pretty place fronting the lake.

The summer cottage with garage being built by Miss Stella Graves of Estacada, fronting on the Lake Shore drive, is about complete and will soon be ready for occupancy.

Mr. and Mrs. I. Jacobs of Portland were at Estacada Lake Sunday enjoying the park and doing some clearing on their lots.

A party composed of Mr. and Mrs. S. Benson, Mr. and Mrs. M. Feenberg, Mr. and Mrs. M. L. Jacobs, Mr. and Mrs. S. Banasky and children and Mr. and Mrs. S. Fox, all of Portland, spent the day on their lots in the Lake district Sunday, and enjoyed the outing.

Mr. and Mrs. R. J. Jordan, with friends, spent Sunday at Estacada Lake, where Mr. Jordan has purchased lots.

Mr. and Mrs. John Hanson with their son and wife were clearing their lots Sunday and expect to build a cottage soon. They are located on Hawthorne road.

Mr. and Mrs. Robert Ross and family of Portland spent the day at their cottage, which has two large rooms and porches on the north and west side. The grounds in front are cleared and at the entrance are the letters "Welcome." White stones

These people entertained fifty guests

Sunday, a party being given for their daughter who had just been graduated from Jefferson high school.

Dr. H. R. Biersdorf and family were enjoying their cottage Sunday, although not completed. They had a picnic dinner on the front porch. The doctor is from Portland where he has offices in the Morgan building.

Mr. and Mrs. Frank Garretson and family, with friends, occupied their neat little cottage last Sunday. Their son Alva bought two lots while here at that time. Their cottage is located on Hawthorne road.

Mr. and Mrs. R. A. Bremm and daughter were camped on their lots Sunday and doing some clearing. They expect to build next month.

Mr. and Mrs. Alfred Olsen were at Estacada Lake Sunday clearing and getting ready to build a cottage.

Next to the Olsen lots are those of Mr. and Mrs. Claude Frazier who expect to get their cottage finished by the Fourth of July. They are also located on Hawthorne road.

Nathan J. Campf, manager of the Clifford hotel, Portland, has a building almost completed on Grove road. With his family he was visiting the place Sunday.

A unique and pretty building has been erected on Maple road in the shape of a windmill house, which has a room below and sleeping rooms above. It belongs to Mr. and Mrs. Albert Mileke, of 82d street, Portland. Their two sons were with them Sunday enjoying the boating, fishing and bathing.

Mr. and Mrs. O. C. Fielding and children and some friends arrived on Saturday afternoon to their lots which had previously been cleared, and by Sunday evening they had almost completed a four-room cottage with a bath room. The pretty place is located on Maple road.

F. L. Garrison and W. A. Butte bought six lots and were on hand last Sunday finishing clearing a spot for a cottage, which they expect to have up this week. This place is located on Elm road.

Quite a few of those buying lots are buying those ready cut houses and after they are shipped here it takes but a short time to put them together and have a complete home.

In the second game, with the Ballin Finance company of Portland, Ken Scales, pitching for the locals, allowed only five hits, and this game was won by a score of 10 to 3. The runs were due to walks and two hit batters, Scales being wild in the first three innings of the game.
