## CHURCHES

The common duties of life are the shrines where prayer is to transform work and workers until we become conscious of the living presence and possess abounding joy.

What does the Christian character or balanced life mean. It is this: Faith without credulity, conviction without bigotry, charity without condescension, courage without pugnacity, self respect without vanity, humility without pride, love of humanity without sentimentality and meekness with power.

The welcome you will receive comes from the feeling of doing to all. We ask you to come next Sunday at 11 o'clock in the morning and hear a discussion of the subject, "A Closed Door and a Waiting Savior." Also come in the evening at 8 o'clock when the subject will be "The Righteous Man." Our prayer meeting has been changed to 7:30 on Thursday evenings. The Sunday school meets each Sunday morning at 10 o'clock, with a good corps of teachers and workers.

We will be delighted to have you next Sunday at the church services, and will give you a royal welcome.—C. T. Cook, pastor.

## Know Chevrolet Performance

## POWER

Wherever hills are steepest, the fame of the Chevrolet motor is greatest—because it is built on the valve-in-head principle which provides all the power advantages of overhead direct firing.

## SMOOTHNESS

Chevrolet's delightful smoothness is achieved by the use of alloy invar-strut pistons, and by the accurate counter-balancing of reciprocating parts.

## ACCELERATION

Chevrolet flashes out and away when you open the throttle because it offers the advantages of light invar-strut pistons, large valves, and carburetor equipped with an acceleration well.
