

## Put Your Model T Ford IN SHAPE FOR YEARS OF SERVICE

Our records show that the average useful life of a Model T Ford is seven years. That means there should be a lot of good service left in your car. Don't sacrifice it just to get a new automobile, but bring it in and let us look it over. We'll tell you just what it needs and fix it up at low cost. The labor charge for completely overhauling the engine and transmission is only

#### LEGIONNAIRES DROP CONTEST TO OSWEGO

(Continued from page one)

nine Sunday. The following Sunday will bring both teams to Estacada for a double header.

A slight change in the batting averages of the Legionnaires is noted after Sunday's contest:

	AB	H	Ptc
Bill Fischer	67	33	.492
A. Weinel	39	19	.487
Ray Lovelace	95	44	.463
Harry Miller	16	7	.425
Sid Miller	85	34	.400
Johnny Minto	17	6	.353
Harold Haight	15	5	.333
Tony Bronson	85	26	.306
Clarence Russell	46	15	.326
Arnold Lovelace	96	29	.302
Ken Seales	62	14	.226

Russell and Fischer increased their average in Sunday's game, while Seales and Weinel held their own. Other members of the team lowered their standing as a result of the Oswego contest.

The box score:

#### "Spring Fever" is Bill Haines' Latest

William Haines, whose education has gone through football, baseball and military drill in his last three pictures, had to learn golf to round out his strenuous training, in "Spring Fever," his new Merto-Goldwyn-Mayer vehicle coming Friday to the Liberty theater. It is a lighthearted comedy of the links, directed by Edward Sedgwick. Joan Crawford, George

Fawcett, Edward Earle and a notable cast appear in it. Joan Crawford, heroine of "The Unknown," "The Taxi Dancer," and other recent hits, plays a golf devotee as heroine of this film.

#### Hermann Hagedorn Thrilled While Filming T. R. Drama

One of the proudest moments in the life of Hermann Hagedorn, official biographer of Theodore Roosevelt, and secretary of the Roosevelt Memorial Association, came when he donned the uniform of The First Volunteer Cavalry, in filming a scene for "The Rough Riders." On the same spot where T. R. recruited his famous regiment, Hagedorn stood with Frank Hopper, Roosevelt's living double, while "the troops" passed in review.

"The Rough Riders" comes to the Liberty theater Wednesday and Thursday.

#### "We Americans" Colony Next

"We Americans," the stage play by Milton Herbert Gropper and Max Siegel has been made into one of the finest motion pictures of the year and will open at the Liberty Sunday and Monday. The cast includes George Sidney, Patsy Ruth Miller, George Lewis, Eddie Phillips, Beryl Mercer, John Boles, Albert Gran, Michael Visaroff, Kathlyn Williams and others. It was directed by Edward Sloman.

#### MRS. DAHL INSPECTS FLOCKS AT BRIGHTWOOD

Mrs. Rosie Dahl was over a few days ago looking after her flock of 1800 sheep that are grazing at Wild Cat. On her trip up the mountain from Cherryville she had with her Mrs. Dolly Bedenstein, Miss Catherine Thayer and "Jimmie," her foreman. They all enjoyed the horse-back ride. Mrs. Dahl reports her flocks in fine shape. She will market spring lambs by truck, for the first time.

#### MARVEL INN OPENED IN NEW JONSRUD PARK

Meet Jack Hanson at Marvel Inn and you'll know at once that Sandy has a new local chef that can serve the best kind of meals, and in a classy way. Sandy's latest is the opening of the above inn at Jonsrud Park, a very artistic place in a most wonderful nature setting overlooking Sandy River canyon 600 feet below. When you order a chicken dinner, or perhaps a sandwich, an ice, or an etc., you will enjoy sitting at one of the gray-green tables, hand made, hand polished, and while you eat Mt. Hood will be looking at you!

Mr. Hanson and wife are recently here from Modesto, Cal., and Mr. Hanson cooked for fifteen years, and was formerly chef at St. Francis hotel, San Francisco.

#### LETTER TO THE EDITOR

In spite of the space so generously donated by newspapers and magazines and the liberal publicity given by public spirited citizens of the country, smokers' fires, and carelessly or criminally left campfires are on the increase in our Oregon forests.

Only recently a party of our own valley residents who had been in the Squaw mountain locality after huckleberries, left a camp fire burning; No attempt was made to extinguish it, and, in fact, the evidence shows that they added squaw grass fuel to the smoldering embers just before they left.

To add insult to injury, they left a dirty, unsanitary camp ground. It would seem as though anyone would know better than to leave a fire under conditions as they existed on that particular day.

No rain of any consequence had fallen for fifty days. The day was hot and sultry and burning conditions about as bad as could be, with the humidity down to 12.

If this fire had not been discovered by a good citizen and reported promptly to the Squaw Mountain firemen, a very expensive and disastrous fire would have occurred.

The very huckleberry patches that this criminally careless camper so carefully combed would have been destroyed and in all probability the adjoining green timber and watershed. Surely, some of the adults as well as the children, need a keeper when they stray from their own doorway.

#### DOVER

Threshing work began on Tuesday when Joseph DeShazer started on his crop. He had two days work even though a part of his crop did not turn out as well as he expected. He and his partners are not doing custom threshing this year so it is expected that Wm. Bosholt of Firwood will bring his machine in.

According to a report received on Monday evening, D. V. Rose, who is at the Good Samaritan hospital with a broken leg, is recovering as rapidly as possible, although he is suffering considerably.

The Rev. C. T. Cook has again taken up his duties in this community and in the middle of last week he made a number of visits. On Sunday he conducted the usual services.

School will open on Labor Day for the usual nine months term. The former teacher, Violet Eccles, who was married during the early part of vacation will be in charge. The board has been caring for the last minute preparations, a new clock and other interior equipment has been purchased. Hiram Johnson painted the building several weeks ago. The enrollment will probably be thirty or more pupils in all grades.

Mr. and Mrs. Ralph DeShazer motored to Portland on Saturday evening to spend the week end with Mrs. DeShazer's parents. Sunday they drove to Antelope on business as Mrs. Stanley Carr, Mrs. DeShazer's sister, will teach there this coming school year. The DeShazers returned home Monday afternoon and report a wonderful trip.

**HOUSE FOR RENT**—Four rooms and bath. Phone Sandy 24 or write Mrs. Viola Denning, Route 2, box 96, Boring. It

#### Gertrude Ederle Rescue

Risking her own life to save 19 year old Mary Ashcraft from drowning, Gertrude Ederle of English channel fame, thrilled 2000 spectators at Santa Monica beach when she temporarily dropped her acting part with Paramount Famous Lasky Corporation to dash into a treacherous surf in the grim role of life saver. The rescued girl was an extra with Bebe Daniels in "Swim, Girl Swim," which will be at the Liberty Monday eve.

## Our Bulletin Service

In co-operation with the county agent, we keep a supply of bulletins covering almost everything of interest locally along agricultural, horticultural and floricultural lines.

Bulletins on hand include farm crops, fruit, nuts, flowers, home gardens, soil studies, livestock, bees, poultry, diseases and pests of fruit and livestock and miscellaneous bulletins. If we have not what you need, we shall be glad to obtain it for you if possible.
