THREE EXPEDITIONS LEAVE FOR AFRICA

Boy Scouts Accompany Camera Safaris to Jungles.

New York.—Three expeditions to Interior Africa left for Europe recently. Two of them will make camera safaris, the other will collect live and dead specimens of animals.

Aboard the Ile de France were Mr. and Mrs. Martin Johnson and the three Boy Scouts selected from thousands who participated in a nationwide elimination contest. They are to make a six weeks' camera safari through the big game country of Africa this summer. The three boys, all Eagle Scouts, are Robert Douglas, Jr. of Greensboro, N. C.; David R. Martin, Jr. of Austin, Minn., and Douglas L. Oliver, of Atlanta, Ga.

After a few days in Paris the Scouts are to sail June 21 from Marseilles for Mombasa, Africa, where they will meet the Johnsons, who are to precede them there to complete plans for the trip. They are scheduled to return to the United States in September.

Two expeditions, the "Arctic-equatorial" party of Carveth Wells and that of the Milwaukee Museum of Natural History, headed by Dr. S. A. Barrett, were aboard the Olympic.

Wells, who represents the Chicago Geographic society, is going to the Mountains of the Moon, on the equator near Victoria, Nyanza, central Africa, on a meteorological and geographical exploration trip and to take pictures of the tsetse fly.

The area at that base of that snow and glacier capped mountain range, which required the inclusion of Arctic equipment, is infested with tsetse flies, the bite of which causes the dread sleeping sickness. He is to take both motion and still pictures of the flies to aid scientific studies of their habits.

The Milwaukee museum expedition hopes to obtain live and dead specimens of big game animals for the museum. They will operate in the country near the Mountains of the Moon and are to be joined by Mr. Wells when he has achieved the objects of his exploration trip. Wells expects to be in the mountains alone with his native safari for six months.

Eat 75 Square Foot Strawberry Shortcake

Kalama, Wash.—Seventy-five square feet of strawberry shortcake, said to be the world's largest strawberry shortcake, was eaten by more than four hundred fifty citizens of the lower Columbia river district at the banquet here for the quarterly meeting of Lower Columbia Associated Chambers of Commerce.

The shortcake, heaped high with Cloverdale strawberries and covered with twelve gallons of cream, proved a tasty finale to the banquet and more than merited the publicity it has received. The cake was fifteen feet long and five feet wide. It was baked by Otto Engelman, proprietor of a local bakery, and was assembled by Mr. Engelman, Mayor Lyle Fiehn of Kalama and O. H. Springer, Kalama. Gov. Roland Hartley was a speaker at the banquet.
