

Complete Front Axle Overhaul

\$3.50

Keep front wheels and steering gear lined up. An occasional front system overhaul will save you tires and insure safe driving. We will:

1. Take down front axle spring steering connecting rods, wheel and front radius rod; clean and inspect all parts.
2. Replace broken and worn parts where wear cannot be taken up; re-bush and ream spindle bodies and arms.
3. Adjust steering arm connecting rod ball caps; pack front hubs with grease; replace wheels on axle and adjust bearings.
4. Remove all rust from spring leaves, oil and re-assemble; re-bush front spring and perches if necessary.
5. Assemble front system to chassis; check front axle alignment; tilt front axle at correct angle.

VOICE AND PICTURES NOW SYNCHRONIZE

Engineers are now at work on a simplified photophone device suitable for use in the home, which will make it possible, it is stated, to reproduce "talking movies" in the home very much as the ordinary radio broadcast programs are now being received in more than eight million homes. This announcement was made by General James G. Harbord, President of the Radio Corporation of America, at the formation of a new company to be known as "R. C. A. Photophone, Incorporated."

Gen. J. G. Harbord, President of the Radio Corporation of America, at the formation of a new company to be known as "R. C. A. Photophone, Incorporated."

In discussing the formation of the new company, General Harbord pointed out that although the Radio Corporation, General Electric and Westinghouse had been preparing for several years to market apparatus synchronizing voice and music with motion pictures, public introduction of the apparatus had been delayed until the engineers had achieved "complete practicability" so that it would be as simple to operate as a radio set, and, at the same time, highly perfected.

"The Photophone," said General Harbord "is both simple and practical. The essential principle is the recording of pictures and sound on one film. While various methods have been devised for 'talking movies,' experience has shown that the most practical is that of recording pictures and sound on the same film. This is the method employed by the Photophone. It is now possible to photograph the President of the United States—voice as well as action—and to distribute films reproducing the event throughout the country.

Uses and Operation
"Easily operated reproducing apparatus for use in theatres, schools and churches will be nationally available. An entire opera, musical comedy or drama can be electrically recorded on the film, just as it is seen and heard, and then reproduced from the same film. Whatever can be seen or heard, whether it is a nightingale singing or an army in battle, can now be recorded and reproduced for both the eye and the ear. Moving picture dramas with complete orchestral accompaniment, or with music and speech, will be available for nation-wide use.

"Standard films without the sound can be used without any change in the machine. The only thing the operator has to do is to close one switch when he is projecting pictures with sound, and open it when he does not want the sound. Any type of 'talking film' can be used in the machine. The type of sound reproducer to be used will vary with the size of the room in which the pictures are to be shown. The reproducer embodies some remarkable new developments in acoustics.

"Sight and hearing have been the two avenues of approach to the human mind for education, religion and entertainment. Now one medium combines the appeal to sight and hearing simultaneously, with universal accessibility and availability. The complete practicability of the new art has already been demonstrated, and there remained only the need for an intelligent and serviceable system of manufacture and distribution.

"One can only guess at the many varied uses of this invention as an instrument for the spread of knowledge, for bringing the people of the world closer together, and for the advancement of civilization."

Mrs. J. B. Robinson went to Portland Monday morning where she visited relatives and in the meantime had some dental work done. She expected to be absent for a week.

Mr. and Mrs. W. F. Cary and daughters came up from Gleneden beach Thursday night. Mr. Cary remained here until Monday morning to look after business matters and was accompanied to the beach by Postmaster A. N. Johnson, who remained for a few days.

ESTACADA LOCALS

Mrs. C. T. Cook went to Portland one day last week to visit a physician and remained a few days.

One day last week Mr. and Mrs. J. B. Robinson had as guests for dinner in the evening, Mr. and Mrs. M. Olsen, their son and a lady friend, all of plainview, Ore., and Mr. and Mrs. Stephens of Portland.

The Midford building on the corner of Main and Second streets has received a fresh coat of paint this week.

Mr. and Mrs. W. H. Grabeel and daughters Lavina and Jean and Mr. and Mrs. Irving Smith and the latter's mother, returned from Roseburg on Sunday evening. On account of the date for the opening of the deer hunting season being changed, Mr. Grabeel and Mr. Smith had to defer their hunting trip and will spend the balance of their vacation at home.

"SERVICE FOR LADIES" BUILT AROUND VERY AMUSING SITUATION

A head waiter, the most famous in all Europe, meets a beautiful American heiress while vacationing at a fashionable Alpine inn. A visiting king greets him with delight. The hotel attendants wait on him hand and foot. His every whim is immediately satisfied. Daughter and wealthy papa decided that verily, this handsome gentleman must be "someone."

Time flies and their friendship quickly develops. At the end of his furlough, seeing the yawning gulf which divides him from the girl, our distinguished stranger decides to spend one glorious night and leave her life forever. The ice carnival takes place and after it—our friend writes a note describing the chasm which separates them before taking the next train to Paris.

Days pass. One fine evening who should enter his dining room but the girl! What happens? Don't forget, she imagines that the chasm he has described has to do with his high state; she doesn't realize that he is only a head waiter.

That's the situation around which this great picture, "Service for Ladies," has been built. This will be the feature at the Liberty Theatre, Estacada, Sunday and Monday.

SANDY LOCAL ITEMS

Charley Suckow and N. Schmitz are home from the Nelson-Jarl m2l this week.

E. F. Brung suffered a bad sprain at the mill Friday and has to lay off work for a while, although he went back to the mill.

Battle Axe Inn was the center of much excitement Sunday night when several mountain climbers were lost until nearly morning.

Mr. and Mrs. Henry Hammans and family of Portland and Mr. and Mrs. Henry Haselwander visited the Henry Hamman Sr., family of Sandy Sunday, remaining for dinner.

Albert Motjl of Firwood was in town Monday and renewed his subscription to the News.

"Slim" Smith has been making his wood saw buzz at a number of Sandy woodpiles this week.

"THE RAWHIDE KID," HOOT GIBSON FILM EXCITES AUDIENCE

Thrills and spills, love and laughter, are the ingredients that have been mixed together to make "The Rawhide Kid," the Universal Western production starring Hoot Gibson, which opens Friday (tonight) at the Liberty Theatre, Estacada, and will be the attraction for two days.

Into this picture Hoot brings his engaging personality, superb riding and realistic acting. It is safe to say he once more demonstrates his right to the title of being the screen's greatest Western rough rider for his stellar performance in a cross country horse race which was filmed for this picture is a show in itself.

"The Rawhide Kid" gives us the best all-round Western ever filmed, with tense and dramatic action injected so as to carry out the plot of a well written photoplay. With a group of fun-loving cowpunchers who intend to beat the star at his own game, Hoot is carried into one of the swiftest pictures of his career.

As Dennis O'Harra, Hoot again shows his ability to stick to a galloping horse and some of the greatest action pictures ever filmed of a horse race were photographed for this picture. Everything from fast gun play to fast horse racing makes this picture of unusual interest.

Georgia Hale, the dainty and sweet little miss who may be remembered as Charlie Chaplin's leading lady, portrays the role of Jessica Silverburg, the heroine, and she is sure enough love interest. Harry Todd, as usual, injects his bag of tricks as a comedian, with Frank Hagney, William H. Strauss, Tom Linghahn and others in prominent well-played roles.

Eastern Stars will please remember that there will be a stated communication on Tuesday night, September 18, in the Masonic hall. A special program is being arranged for the entertainment of the members and visitors.

Rex Ludlow was sent to the Cushman hospital, Tacoma, last week, after having had an examination at the veteran's hospital in Portland.

Quite a number of seventh graders of Estacada went to Oregon City on Thursday of last week to take additional state tests.

Your Bank

One can think of no other institution more truly indicative of the progress of a community than its bank. A bank succeeds as its customers succeed. Actual assets are the foundation of its stability, but progressive and successful depositors and borrowers are the source of its growth and usefulness to the community which it serves.

Your bank needs you just as you need the bank. Mutual confidence brings mutual success.

When you become a customer of this bank you realize that we extend every courtesy and service possible to make the connection a satisfactory and profitable one to you.
