NUMBER 17

LEGION POST TO BE BUSINESS MEN HOSTS

BANQUET FRIDAY FOR STATE OFFICERS WHO WILL AT TEND CONFERENCE

Business men of Estacada are being invited by the local post of the American Legion to attend a banquet at the Estacada hotel. This is the date of the district conference, and a large number of Legionnaires from the different posts of the district, as well as citizens of Estacada will be guests of Carl Douglass post.

The Legion has been planning for some time to arrange a banquet and get-together meeting with the business men of the community, and at the time of the visit of the department commander, Ben Fisher, it was decided would be the opportune time to hold such a meeting. The ideals and purposes of the organization can be better understood when explained by the leaders of this organization.

The conference is to be held in the afternoon, starting at 3 o'clock, and will be attended by officers and committee chairmen. The banquet at the Estacada hotel will start at 6 o'clock and, at 8 o'clock a meeting will be held in the Odd Fellows' hall to which all ex-service men are invited. The principal address will be delivered by Commander Ben Fisher and Department Adjutant Carl Moser. Legionnaires from St. Helens, Vernonia, Portland, Oregon City and Gresham posts will be here for the conference and the evening meeting.

In addition to the "eats," talent for special entertainment has been secured in Portland, including entertainers often heard of the radio.

The details for the conference were completed at a meeting of the local post Monday evening. J. C. Moreland, district committeeman was chosen to act as toastmaster at the banquet.

Wallace Smith, chairman of the building committee, reported that an offer of a donation of five lots had been received from the Portland Telegram for the proposed Legion building site.

The building committee was instructed to continue with their plans and to further work out the details for the new building. There seems to be little doubt about the determination of the post to build within the next few months.

The resignation of Rev. T. I. Kirkwood as chaplain of the post was received and accepted. Mr. Kirkwood has resigned from the pastorate of the Presbyterian churches at Eagle Creek, Springwater and George. The adjutant was instructed to write the commander of the post at Astoria, near where Mr. Kirkwood is locating, that he might become a member of the Legion there upon his arrival.

The American Legion Auxiliary also held a meeting Monday evening and after the business sessions, a lunch was served and cards were enjoyed afterward.

EARL JONES MAY BE FREED

According to authentic report, Earl Jones may be freed soon, from the charge of killing his step mother and brother when the Jones house was blown up last spring. The case is to be called soon and dismissal is to be asked.

Folks, here's one of the most liberal propositions ever made to the people of Eastern Clackamas county. The News is giving two fine new automobiles and other prizes in exchange for your spare time in collecting subscriptions.

The first prize is a fine Plymouth Chrysler four-door sedan. The second prize is a new six-cylinder Chevrolet coach. Radios, cash prizes and other valuable articles are included in this gift list.

These prizes are to be given on April 6 to the men and women securing the most business for the Clackamas County News. It takes no special training to win one of these fine cars. The chances are they both will be won by some one who never before tried their hand at selling anything. No investment on the part of the men or women, boys or girls, who will win the big prizes. The News furnishes all the supplies needed, and it does not cost you one cent, only your time. You do not have to be a subscriber of the paper.

The News has more than one thousand subscriptions expiring between the first of this year and the close of the contest on April 6. We want men and women to go out and get these renewals, and also new subscribers. The person who can bring in the greatest number of these, will be given the Chrysler for his trouble. This means the winner of the first and second prizes will receive wages at almost \$100 per week for the next eight weeks.

Of course only two can win cars, but you do not stand a chance to lose in this contest. The other prizes are well worth working for, and in case you are able to devote only a small part of your time to this easy and interesting proposition, you will be paid a cash commission on the business you turn in. What could be fairer than this?

There are two ways you can earn credits that will go toward the winning of the prizes. Starting next week a coupon will be published each week which can be voted by yourself and friends. These coupons count in awarding the prizes just the same as subscriptions. The vote schedule and full rules governing the contest are announced in the page advertisement in this issue of the News. They will not be changed during the campaign.

Read them over carefully and get busy. Those who start first have the better chance to win. Don't think that candidates living in Sandy or Estacada have a better chance than you have in the smaller community. It is likely that there will be several in each of those towns who will try for the big prizes. If you enter from a smaller community you probably will not have any competition near you.

On page six of The News today you will find an "Opportunity Coupon," which with one paid in advance subscription entitles you to 100,000 extra credits, and you can use four of these coupons. Votes it takes to win, and after you have entered the contest, you want to work for votes all the time. Map out your campaign and get going now, because you can't lose. You will be paid well for your time in cash commissions.

If you do not decide to enter the contest yourself, here's a chance to win a cash prize by nominating a friend. The News will give a \$15 cash prize to the person who nominates the winner of first prize in the campaign. If you nominate yourself and win first place, you will be given the \$15 in cash, which will go a long way toward buying the license for the Chrysler. If more than one nominates a candidate, the first nomination to be received in the News office will win.

The contest will be closed under the sealed ballot box system, and during the last week and until the prizes are awarded, the matter will be in the hands of three judges, business men of Sandy and Estacada, who will count the votes, and check the records, which insures absolutely
