EAGLE CREEK

EAGLE CREEK, Feb. 20.—(Special).—Little Opal Hoffmeister, the daughter of Ernest Hoffmeister, has been ill for several weeks from an infection of the tonsils. She has attended school only two weeks since Christmas. Dr. Adix of Gresham is giving her violet ray treatments and she has improved greatly.

Kenneth Troupe had a few friends drop in on him last Thursday to help celebrate his eighteenth birthday. A very enjoyable evening was spent. Those present included Tony Bullinger, Emma Schultz, Carl Rehberg, Bernice Thayer and Thelma Troupe.

A "kid" party was held Wednesday evening at the home of Mrs. Agnes Francis. Everyone was asked to be dressed in "kid" clothes and bring their toys to play with as well as a "kid" picture of themselves.

There were several dolls in evidence—one belonging to Mrs. A. C. Cogswell which she had had since she was eight years old. It was dressed in the original dress made for it by her mother when given to her. Others brought balls and mouth harps, and there was a pair of dancing dolls which puzzled the crowd for several minutes. The title "Mr. and Mrs." was taboo and each was called by their given name. "Kid" games were played and just before refreshments were served each was given a pencil and paper; the kid pictures were numbered and each guest was to see how near he could come to guessing the identity of the picture. Only two scored 100 per cent—Mrs. Spilde and Mrs. Judd.

The refreshments consisted of Halloween brick ice cream and wafers. Those present were Mr. and Mrs. Homer Glover, Mr. and Mrs. Olaf Spilde, Mr. and Mrs. A. C. Cogswell, Mr. and Mrs. Ed. Johnson, Mrs. Mattie Troupe, Mr. and Mrs. Carl Rehberg, Mr. and Mrs. Emery Ford, Mr. and Mrs. Oscar Judd, Mr. and Mrs. Wm. Sanders, Mr. and Mrs. Bob Francis and Miss Clute.

Everyone declared they had a very enjoyable evening. After the party the members of the school board held a meeting.

Roy Pattison is recovering from a badly cut foot. He was down to Eagle Creek for the first time one day last week. He is still under the care of a physician, however.

Wm. Ford, Jr., of the Eagle Creek Trading company cut his hand recently when his foot slipped on the ice and caused the axe to fall upon his hand while chopping wood. The cut went to the bone. Emery Ford of the Eagle Creek Garage made a tourniquet out of cloth to stop the flow of blood until Dr. Gilbert of Estacada could arrive. Seven stitches were required to close the wound.

Santa Claus brought Mr. and Mrs. Baker of the Dover district a tiny, tiny package, but nevertheless, a precious package, as it not always is done up in a large bundle. It was a tiny son weighing only 3 pounds 8 ounces. The baby was kept in an incubator for several weeks and is now a bright youngster, who can smile at his mother, even if he does weigh only 6½ pounds. He will be two months old on George Washington's birthday. He didn't get a very good start but is doing well now and who knows, he may be another George Washington, some day.

The contest for the grammar pupils, as sponsored by the Eagle Creek Trading company, has caught like wild fire and every pupil who has made his or her grade and called at the big white store in Eagle Creek has been properly rewarded. At the suggestion of the various teachers, the credits on which the awards will be made this month and hereafter will be on department and county tests. There are three county tests. Three A's must be had in order to win on the contest—consequently a pupil may get A on department and two A's on county tests, or missing on department may receive the prize by getting all three A's on county tests. This contest is sponsored for the benefit of the children and the parents will do well to encourage their children to get three A's and bring them in to the Eagle Creek Trading company to get their candy bar.

How much power is in your garden?

NATURE can do only so much with any seed. The seed itself must contain the promise and the power. You would feel convinced of the power of Ferry's purebred Seeds if you could see the great Ferry stock seed farm and trial gardens. Here are acres and acres of specimen plants. Every plant that is mature is big, vigorous, beautiful,

and bountiful. Only the best plants are allowed to mature—all else are weeded out. Any plant that doesn't produce true to type gets weeded out. And only seeds from the plants that measure up to the Ferry standards in size, color, flavor, productivity—are the Ferry's Seeds you can buy.

In these seeds is the power to produce flowers of superb beauty, and vegetables of superior flavor and size.

Surely all the work you put into your garden deserves just these seeds. Ferry's Seeds have to be all you expect when you buy them. In addition, they are fresh. No packet of Ferry's Seeds is ever carried over by the dealer for sale the second season. Ferry's Seeds may be had at "the store around the corner." Write at once for Ferry's Seed Annual—with its good garden advice. Address D. M. Ferry & Co., Dept. H, 500 Paul Ave., San Francisco, Calif.

Your garden will have its best possible start with Ferry's purebred Seeds.
