**VIOLA**  
 VIOLA, Feb. 28.—(Special).—The P. T. A. of Viola had the largest crowd Friday evening at the basket social and program seen for a long time. The lunch amounted to \$41.05 and this about wipes out the balance due on the piano. Sandwiches, cake, pie and coffee were served by the ladies. Mrs. Shackelford is president of the association and Mrs. John Mattoon is secretary.

The program consisted of a piano solo by Miss Viola Stuckey of Logan; song, Misses Viola, Norma and Adeline Stuckey; piano solo by Miss Claudia Stone of Viola; cornet solo by Earl Linkin of Viola; vocal solo by Mrs. C. B. Stone; vocal solo by Harold Horner of Dodge; piano duet by Mrs. Fred and Mrs. Harold Horner; vocal duet by Fred and Harold Horner; solo by Fred Horner. They all did splendid and were called back two or three times. All enjoyed the program fine.

Mrs. Charles DuBois of Estacada with her daughter Virginia and her two sons were over Friday evening. Also Mr. and Mrs. Fred Horner and Mr. and Mrs. Harold Horner and daughter of Dodge. There were also people from Logan, Springwater, Highlands and Redland.

Miss Claudia Stone and Miss Janet Hamilton, who are attending school in Portland spent the week end with their parents and took in the P. T. A. social.

"Grappa" Kay is laid up with a very sore leg. While chopping wood he struck the bone of his leg and nearly broke it. We all feel sorry for him and hope he soon will be able to walk again.

Bob Mattoon has been having trouble with his teeth so now he is having them all extracted. The doctor believes he will have better health now.

Burglars seem partial to a certain neighborhood in Evanston, Ill., where seven houses were robbed in seven nights.

Jason McDonald, of Glasgow, took one drink too many; stole a street car and ran it for three miles before he stopped and surrendered to the police.

**Notice for Publication**

Carefully selected, wholesome ingredients are used in the manufacture of Fisher's Chick Starter Milk Mash and Fisher's Save-Time Chick Mash.

The chick requires only a small amount of feed for the first several weeks of its life, but this feed must have variety. Keeping your chicks alive is of first importance, of course, but more than a pullet that is "just alive" is necessary for profitable production. A chick that is fed a feed lacking the necessary digestible proteins, minerals and vitamins for proper development will never add to your yearly profits. Eleven ingredients are used in

the manufacture of Fisher's Chick Mash, and each ingredient is there to meet a definite requirement of the growing chick.
