## CHURCHES

### Presbyterian Churches

Children's Day will be observed next Sunday at 11 o'clock at the Springwater Church, and at 3 p. m. at George, with a program by the Sunday school and a short address by the pastor, Rev. E. R. D. Hollensted. At 8 o'clock in the evening, Rev. Hollensted will preach at Eagle Creek; subject of sermon, "The Old Rugged Cross."

### Estacada Christian Church

Announcements for the Christian Church for Lord's Day, June 9, are as follows:

The Bible school lesson is "The Story of the Rechabites." It is the interesting story of a small, obscure folk, but nevertheless a people with backbone enough to stand by their convictions though the heavens fall.

Come at 10 o'clock and stay for preaching at 11. The sermon message will be, "Paul Before Agrippa."

Christian Endeavor at 6:30 p. m. The topic will be: "Thinking Things Through. John Beck is the leader. This is a live subject for the young

people and is bound to provoke a lively and interesting discussion. If you miss it, you will miss a rare treat. Hugh Foster, Pastor.

### Methodist Church, Estacada

**Religion and Vacations.** Many people apparently believe that when summer arrives religious activities should cease. We feel this is due in part to a misconception of religion. If religion is a coat to be put on or off at will, the vacationist who uses it as he does his raiment is logically correct. But true religion is not a coat; it is a character, and character never takes a vacation. Religion has been defined as "The life of God in the soul of man." It is a vital relationship between man and God; it writes its own record in his daily conduct; it moulds his soul by the habits which it fosters, and destiny is its final decision from which there is no appeal. You may just as properly discontinue your daily visits to the dining room as to cease to nourish your religious life. Bread for the body is no more important than bread for the soul. Jesus said: "Work not for the food which per-

isheth, but for the food which abideth unto eternal life." Vacation periods are necessary for rest and recuperation; but what shall it profit a man if he gains physical vigor while he loses his sense of spiritual responsibility? True disciples will take their religion with them on their vacation and bring it back with them when they return.

Next Sunday morning's sermon at 11 o'clock is of supreme importance as vacation comes on. Let all come who can and hear this subject discussed. The subject will be "Momentous Moments." In the evening at 8 o'clock the theme will be "True Greatness." The orchestra, under the leadership of Wilbur M. Wade, has given new inspiration in the Sunday school. The singing was fine last Sunday. Any young person who can play some musical instrument is invited to join the Sunday school orchestra, which meets for practice on each Friday evening. The school is holding its own since vacation has come. Let us hold up the attendance. The Epworth League meets at 7:15 each Sunday evening. A good time is expected. To any or all of these meetings you have cordial invitation.

Service will be held at Dover next Sunday afternoon at 3 o'clock. C. T. Cook, Pastor.

## THE INSTITUTION BEHIND THE MARQUETTE CARS

The steady sweep of progress that has carried America to industrial leadership of the world is nowhere more finely exemplified than in the history of Buick—now standing at the crest of 26 years of successful motor car manufacture.

Not only because its aims, ideals and policies are dedicated to progress, but also because the men who shape and guide Buick's manufacturing programs are master builders of fine motor cars.

This new car had to be more than just another moderately priced six. It had to prove, by every conceivable test and trial, under every possible condition, that it stood indisputably at the head of its price class—that it would lead all comparable cars as authoritatively as Buick dominates the higher priced field.

Finally the most minute regard for perfection was satisfied. The new car measured up to the highest expectations. It performed as no other car of such moderate price had ever performed. It showed by actual miles traveled that it could stand up to the stiffest grind of day-in and day-out operation without interruptions for service. It proved by everything it did—and by the way it did it—that it had that extra measure of built-in goodness that has made "Buick-built" the hall-mark of quality the wide world over.

Such is the background of the Marquette. Its introduction in no way affects Buick—but it does add a very important new member to the Buick family. In the future Buick and Marquette will stand side by side as the most outstanding examples of motor-car value that the motoring world has ever known.

These cars are now on display at the Walter W. Metzger salesroom in Gresham.
