"Neither Fish, Flesh, Herring"
The expression, neither fish, flesh, nor good red herring means suitable for no class of people; fit for no particular use. Not fish, food for the monk; not flesh, food for people generally; not red herring, food for the poor.

Flotsam
Naturafists are baffled by a strange fish washed up from the ocean. A tentative theory is that someone has dumped his bridge prizes at sea.—Detroit News.

Lightning Voltage
There are only estimates of the voltage of lightning strokes. These range from a few hundred thousand to several billion volts, depending upon the ideas of the persons making the estimates. No measurements have been made.

Stimulated by attractive trade-in allowances sales of 1938 cars are rapidly getting back to normal, according to R. R. Cooke, local Ford dealer. This improvement in sales is the direct result of National Used Car exchange week.

"The log jam has very definitely been broken and we look forward to a marked pickup in the sale of 1938 Ford V-8 cars from here on," stated Mr. Cooke.

"Reduction of used car stocks has made it possible for us to offer more liberal trades. Many persons have been waiting for the right time to buy and we feel that it is here. Many who watched the progress of National Used Car exchange week with interest are realizing now its effect on them as prospective new car buyers.

"Proximity of good spring weather is also having its effect on new car sales. Now that trades are more liberal the normal buying influences are at work. The smart appearance of the new deluxe and standard Ford V-8 models affects the man with a real desire in his blood in the same way that warm rain and summer affects a sprouting seed."

Mr. Cooke announced that his firm will continue for a short time National Used Car exchange week prices on used cars.
